

CHI ST. ALEXIUS HEALTH EMPLOYEE ASSISTANCE PROGRAM NETWORK INFORMATION FOR BIENNIUM 2025 TO 2027

In order to provide NDPERS and its agencies with statewide EAP coverage, CHI St. Alexius Health Employee Assistance Program has developed several means of service provision.

LOCAL PROVISION -

CHI St. Alexius Health Employee Assistance Program maintains its primary office within the CHI St. Alexius Hospital located at 900 E Broadway Ave, Bismarck ND, 58501. Office hours for the four counselors are Monday through Friday from 8:00am to 5:00pm.

SATELLITE CLINICS -

Satellite clinics are staffed by an Employee Assistance Program (EAP) counselor from the main office who travels to that location.

AFFILIATE PROVIDERS -

An “affiliate” is a licensed counselor that has agreed to represent CHI St. Alexius Employee Assistance Program in the provision of EAP services outside of local and satellite clinic service areas. CHI St. Alexius Employee Assistance Program will provide the closest qualified affiliate it can to the desired service area and employee. To initiate the process of acquiring the services of an affiliate call 701-530-7195 or 1-800-327-7195.

CURRENT STATE WIDE AFFILIATES

Affiliate agreements are for the term of required service provision. This list may vary throughout the term of the biennium.

NATIONAL AFFILIATE PROVIDERS

In the case that NDPERS or agency employees would require EAP services while out-of-state, CHI St. Alexius Employee Assistance Program will provide the closest qualified affiliate it can to the desired service area and employee. This process is subject to circumstances such as timeliness of need and location of available affiliates. To initiate the process of acquiring the services of an affiliate call 701-530-7195 or 1-800-327-7195. Currently we have affiliates in several states such as Arizona, New Mexico, Colorado, etc.

ZOOM ALTERNATIVE

CHI St. Alexius Employee Assistance Program utilizes the HIPAA compliant, video based application ZOOM for internet counseling sessions. This alternative counseling allows the employee to remain in the comfort of their home or office and still have a face to face session with one of our home office EAP counselors. The ZOOM application is simple to access, provides an excellent connection, and can be used on multiple devices. All that is required is to call 701-530-7195 or 1-800-327-7195 to set up the appointment and the ZOOM invite.
