

## **PUBLIC SAFETY DEFINED BENEFIT HYBRID RETIREMENT PLAN**

NDPERS is a Defined Benefit Hybrid Retirement plan that pays vested members a retirement benefit, which is generally based on compensation, benefit multiplier, and years of retirement service credit. A vested member will receive the benefit determined under the plan regardless of the performance of the plan's investments.

"Wages" and "salaries" means the member's earnings in eligible employment under the N.D.C.C. Chapter 54-52 reported as salary on the member's federal income tax withholding statements plus any salary reduction or salary deferral amounts under 26 U.S.C. 125, 401(k), 49403(b), 414(h), or 457. "Salary" does not include fringe benefits such as payments for unused sick leave, personal leave, vacation leave paid in a lump sum, overtime, housing allowances, transportation expenses, early retirement incentive pay, severance pay, medical insurance, workforce safety and insurance benefits, disability insurance premiums or benefits, or salary received by a member in lieu of previously employer-provided fringe benefits under an agreement between the member and participating employer. Bonuses may be considered as salary under this section if reported and annualized pursuant to rules adopted by the board.

### **Vesting**

To be vested in the Defined Benefit Hybrid Plan means that you have become legally entitled to a monthly benefit when you terminate employment and reach retirement age or qualify for long-term disability.

Vesting in Disability Benefit: 180 days

Vesting in Retirement Benefit: 36 months of eligible service

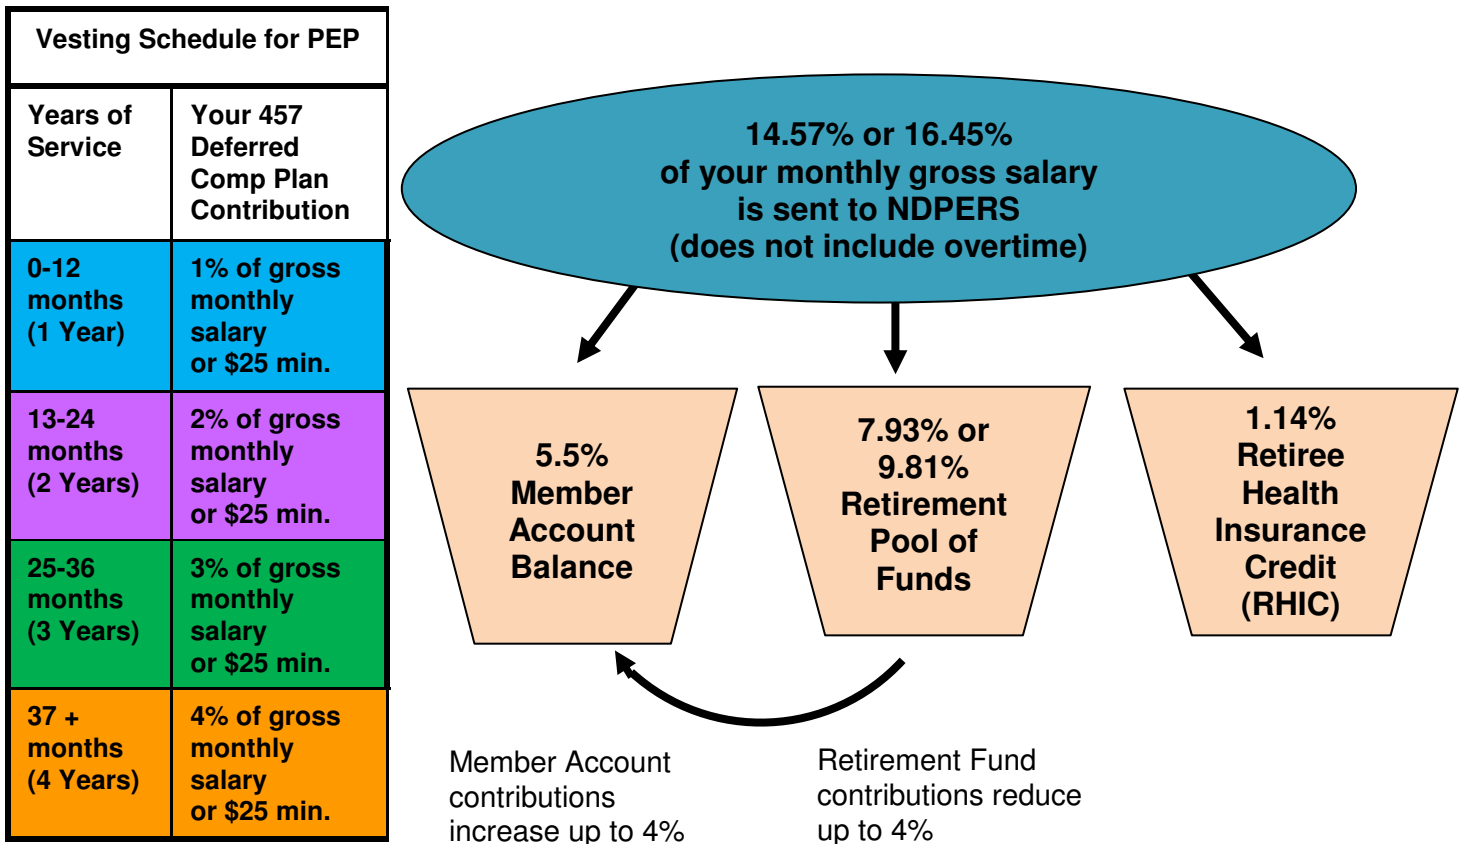

**Portability Enhancement Provision (PEP)**

Vesting in the Employer Contribution:

Active members in the Defined Benefit Hybrid Plan, you are able to vest in the employer contribution for cash distribution purposes by participating in a deferred compensation (457) program, 403(b) or other qualified retirement savings program approved by the NDPERS Board. The vesting schedule for the PEP contributions is based upon your existing service credit in the retirement program and the amount you defer into a qualified deferred compensation plan.

PEP allows you the option to vest in the employer contribution paid into the retirement pool of funds and have this vesting percentage credited to your member account. For every dollar you put in a Deferred Compensation plan, NDPERS will add one dollar to your member account balance, subject to a vesting schedule. This can significantly increase the amount of money available if you choose to “cash in” your retirement account, or roll it over into another pension plan, if your North Dakota public service ends. PEP reallocates the employer contributions into your member account balance as shown in the diagram on Page 3. As you can see, a maximum of 4.00% of the employer contribution is paid into the member account rather than the retirement pool of funds.

**How PEP Works with your monthly Defined Benefit Hybrid Plan Retirement Contributions**

**BENEFITS AT TERMINATION OF EMPLOYMENT**

**Member Account Balance:** Refund/Rollover of your member account balance, which consists of the monthly employee contributions, the vested portion of the employer contributions, and interest. This interest is compounded monthly up to the time you receive a refund/rollover of your account or begin receiving a monthly benefit. The interest paid on your account is based on a rate established by the NDPERS Board and builds on a tax deferred basis. You may also leave your money at NDPERS to receive a distribution at a later date.

**Disability Retirement Benefits:** If you are deemed eligible for disability benefits, you will receive 25% of your final average salary each month for as long as you are disabled under the basic disability payment option. The minimum benefit is \$100 per month.

**Surviving Spouse Benefits:** If you die after completing 36 months of credited service, your spouse may elect to receive:

- (a) Refund/Rollover of your account; or
- (b) 100% of your unreduced retirement benefits for life; or
- (c) 50% of your unreduced retirement benefit for life; or
- (d) Equivalent of 100% joint & survivor option if you had reached your normal retirement date.

**BENEFITS AT RETIREMENT:**

**Normal Retirement Age:** 55 with 36 months of continuous service

**Rule of 85:** Age + Years of Service = 85 or more
