Title of Employees Authorized To Receive Protected Health Information

- Administrative Services Division
- Accounting & IT Division
- Benefit Programs Division
- Benefit Program Development & Research
- Executive Director
- Internal Audit Division

This includes every employee, class of employees, or other workforce person under control of the Plan Sponsor who may receive the Member’s Protected Health Information relating to payment under, health care operations of, or other matters pertaining to the Benefit Plan in the ordinary course of business.

These identified individuals will have access to the Member’s Protected Health Information only to perform the plan administrative functions the Plan Sponsor provides to the Benefit Plan. Such individuals will be subject to disciplinary action for any use or disclosure of the Member’s Protected Health Information in breach or in violation of, or noncompliance with, the privacy provisions of the Benefit Plan. The Plan Sponsor shall promptly report any such breach, violation, or noncompliance to the Plan Administrator; will cooperate with the Plan Administrator to correct the breach, violation and noncompliance to impose appropriate disciplinary action on each employee or other workforce person causing the breach, violation, or noncompliance; and will mitigate any harmful effect of the breach, violation, or noncompliance on any Member whose privacy may have been compromised.

Statement of Eligibility to Receive Benefits

As provided in N.D.C.C. §54-52.1-01(4), individuals eligible to receive benefits are every permanent employee who is employed by a governmental unit, as that term is defined in N.D.C.C. §54-52-01, whose services are not limited in duration, who is filling an approved and regularly funded position in a governmental unit, and who is employed at least seventeen and one-half hours per week and at least five months each year or for those first employed after August 1, 2003, is employed at least twenty hours per week and at least twenty weeks each year of employment. An eligible employee includes members of the Legislative Assembly, judges of the Supreme Court, paid members of state or political subdivision boards, commissions, or associations, full-time employees of political subdivisions, elective state officers as defined by N.D.C.C. §54-06-01(2), and disabled permanent employees who are receiving compensation from the North Dakota workforce safety and insurance fund.
A temporary employee employed before August 1, 2007, may elect to participate in the uniform group insurance program by completing the necessary enrollment forms and qualifying under the medical underwriting requirements of the program if such election is made before January 1, 2015, and if the temporary employee is participating in the uniform group insurance program on January 1, 2015. In order for a temporary employee employed after July 31, 2007, to qualify to participate in the uniform group insurance program, the employee must be employed at least twenty hours per week; must be employed at least twenty weeks each year of employment; must make the election to participate before January 1, 2015; and must be participating in the uniform group insurance program as of January 1, 2015. To be eligible to participate in the uniform group insurance program, a temporary employee first employed after December 31, 2014, or any temporary employee not participating in the uniform group insurance program as of January 1, 2015, must meet the definition of a full-time employee under §4980H(c)(4) of the Internal Revenue Code [26 U.S.C. 4980H(c)(4)].

An eligible employee is entitled to coverage the first of the month following the month of employment, provided the employee submits an application for coverage within the first 31 days of employment or eligibility for a special enrollment period as set forth in N.D.A.C. §71-03-03. Each eligible employee may elect to enroll his/her Eligible Dependents.

Eligible employees also include non-Medicare eligible retired and terminated employees, and their Eligible Dependents, who remain eligible to participate in the uniform group insurance program pursuant to applicable state law, as provided in N.D.C.C. §54-52.1-03 and federal regulations. Eligible employees may also include Medicare eligible retirees who enrolled in the Dakota Retiree Plan and lost eligibility to participate in the Dakota Retiree Plan due to the loss of Medicare Part B. For a comprehensive description of eligibility, refer to the NDPERS web site at www.ndpers.nd.gov.

Eligibility to receive benefits under the Benefit Plan is initially determined by the Plan Administrator. When an eligible employee meets the criteria for eligibility, a membership application must be completed. NDPERS has the ultimate decision making authority regarding eligibility to receive benefits.

**Description of Benefits**

See the Schedule of Benefits and the Covered Services Sections. Refer to the Table of Contents for page numbers.

**Sources of Premium Contributions to the Plan and the Method by Which the Amount of Contribution Is Calculated**

The contributions for single or family for state employees are paid at 100% by the State. The contributions for employees of participating political subdivisions are at the discretion of the subdivision and subject to the minimum contribution requirements and participation requirements of Sanford Health Plan. Either the contributions for temporary employees are at their own expense or their employer may pay the premium subject to its budget authority.

**End of the Year Date for Purposes of Maintaining the Plan’s Fiscal Records**

June 30

**Clerical Error**

Any clerical error by either the Plan or Claims Administrators, or the aforementioned entities’ designees, in keeping pertinent records or a delay in making any changes will not invalidate coverage otherwise validly in
force or continue coverage validly terminated. An equitable adjustment of contributions will be made when the error or delay is discovered.

If, due to a clerical error, an overpayment occurs in a Plan reimbursement amount, Sanford Health Plan and NDPERS retain contractual rights to the overpayment. The person or institution receiving the overpayment will be required to return the incorrect amount of money.

**Recovery of Benefit Payments**
Pursuant to N.D.A.C. §71-03-05-06, whenever benefits are paid in noncompliance with the Contract, NDPERS, which is the Plan Administrator, or an agent of the Plan Administrator, retains the right to recover the payments from the party responsible.

If Sanford Health Plan, which is the Claims Administrator and Payor, or an agent of Sanford Health Plan, is at fault, the amount of overpayment will be withheld from the administrative fees paid by NDPERS.

If overpayments are made because of false or misleading information provided by a Member, Sanford Health Plan, or an agent of Sanford Health Plan, shall attempt to recover the amount. Any moneys recovered shall be credited to NDPERS.

If an overpayment is made because of a mistake or deliberate act by a Health Care Provider, Sanford Health Plan shall collect the money from the Provider and credit that amount to NDPERS.

If fraud is suspected, Sanford Health Plan shall inform NDPERS and NDPERS may turn the evidence over to the North Dakota State’s Attorney or Attorney General’s office for possible prosecution.

**Amending and Terminating this Benefit Plan**
As Plan Administrator, NDPERS has delegated responsibility for determinations regarding covered benefits, and the amount and manner of the payment of benefits, including the appeal of denied claims, to Sanford Health Plan, the insurer of the plan.

NDPERS reserves the right to terminate the plan, or amend or eliminate benefits under the North Dakota Public Employees Retirement System Dakota Plan, as insured and issued by Sanford Health Plan, at any time and at its discretion, upon mutual agreement between NDPERS and Sanford Health Plan. Should this Benefit Plan be amended or terminated, such action shall be by a written instrument duly adopted by both NDPERS and Sanford Health Plan, or the aforementioned entities’ designees.

**Fiduciary Duties**

**Claims Administrator Is a Fiduciary**

Except for direct member appeals regarding an infertility services deductible, the North Dakota Public Employees Retirement Board has delegated to the Claims Administrator, herein known as Sanford Health Plan, benefit claims and appeals. Sanford Health Plan is a Plan fiduciary for these benefit claims and appeals only. As such, the Claims Administrator has the final and discretionary authority to determine these claims and appeals, and has the final and discretionary authority to interpret all terms of the Plan and make factual determinations necessary to make the claim and appeal determinations. The decision made by the Claims Administrator on review is final and binding, subject to your right to file a lawsuit under other applicable laws. This decision making authority is limited only by the duties imposed. Any determination by the Claims Administrator is intended to be given deference by courts to the maximum extent allowed under applicable
laws.

- Members have the right to be interviewed and examined in surroundings designed to assure reasonable visual and auditory privacy.

- Members have the right, but are not required, to select a Primary Care Physician (PCP) of their choice. If a Member is dissatisfied for any reason with the PCP initially chosen, he/she has the right to choose another PCP.

- Members have the right to expect communications and other records pertaining to their care, including the source of payment for treatment, to be treated as confidential in accordance with the guidelines established in applicable North Dakota law.

Members also have the right to receive information about our clinical guidelines and protocols.

MEMBER RESPONSIBILITIES

Each Member (or the Member’s parent, legal guardian or other representative if the Member is a minor or incompetent) is responsible for cooperating with those providing Health Care Services to the Member, and shall have the following responsibilities:

• Members have the responsibility to provide, to the best of their knowledge, accurate and complete information about present complaints, past illnesses, Hospitalizations, medications, and other matters relating to their health. They have the responsibility to report unexpected changes in their condition to the responsible Provider. DISCLOSURE OF GRANDFATHERED STATUS

This employer group health plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits; and requirements under the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA).

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan, and what might cause a plan to change from grandfathered health plan status can be directed to Sanford Health Plan at memberservices@sanfordhealth.org. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at (866) 444-3272 or dol.gov/ebsa/healthreform. The Department of Labor website has a table summarizing which protections do and do not apply to grandfathered health plans.

SECTION 1.
ENROLLMENT

1.1 ELIGIBILITY AND WHEN TO ENROLL

As provided in N.D.C.C. §54-52.1-01(4), individuals eligible to receive benefits are every permanent employee who is employed by a governmental unit, as that term is defined in N.D.C.C. §54-52-01, whose services are not limited in duration, who is filling an approved and regularly funded position in a governmental unit, and who is employed at least seventeen and one-half hours per week and at least five months each year or for those first employed after August 1, 2003, is employed at least twenty hours per week and at least twenty weeks each year of employment. An eligible employee includes members of the Legislative Assembly, judges of the Supreme Court, paid members of state or political subdivision boards, commissions, or associations, full-time employees of political subdivisions, elective state officers as defined by N.D.C.C. §54-06-01(2), and disabled permanent employees who are receiving compensation from the North Dakota workforce safety and insurance fund.

A temporary employee employed before August 1, 2007, may elect to participate in the uniform group insurance program by completing the necessary enrollment forms and qualifying under the medical underwriting requirements of the program if such election is made before January 1, 2015, and if the temporary employee is participating in the uniform group insurance program on January 1, 2015. In order for a temporary employee employed after July 31, 2007, to qualify to participate in the uniform group insurance program, the employee must be employed at least twenty hours per week; must be employed at least twenty weeks each year of employment; must make the election to participate before January 1, 2015; and must be participating in the uniform group insurance program as of January 1, 2015. To be eligible to participate in the uniform group insurance program, a temporary employee first employed after December 31, 2014, or any temporary employee not participating in the uniform group insurance program as of January 1, 2015, must meet the definition of a full-time employee under §4980H(c)(4) of the Internal Revenue Code [26 U.S.C. 4980H(c)(4)].

An eligible employee is entitled to coverage the first of the month following the month of employment, provided the employee submits an application for coverage within the first 31 days of employment or eligibility for a special enrollment period as set forth in N.D.A.C. §71-03-03. Each eligible employee may elect to enroll his/her Eligible Dependents.

Eligible employees also include non-Medicare eligible retired and terminated employees, and their Eligible Dependents, who remain eligible to participate in the uniform group insurance program pursuant to applicable state law, as provided in N.D.C.C. §54-52.1-03 and federal regulations. Eligible employees may also include Medicare eligible retirees who enrolled in the Dakota Retiree Plan and lost eligibility to participate in the Dakota Retiree Plan due to the loss of Medicare Part B. For a comprehensive description of eligibility, refer to the NDPERS web site at www.ndpers.nd.gov.

Eligibility to receive benefits under the Benefit Plan is initially determined by the Plan Administrator. When an eligible employee meets the criteria for eligibility, a membership application must be completed. NDPERS has the ultimate decision making authority regarding eligibility to receive benefits.

A “Late Entrant” is an Eligible Group Member or Eligible Dependent who declines coverage when he or she is initially eligible to enroll and later requests to enroll for coverage. A Late Entrant can only enroll during the next...
scheduled Open Enrollment Period. A Member is not a “Late Entrant” if “special enrollment rights” apply, as described later in this section.

1.2 HOW TO ENROLL
Both the Group and Eligible Group Member are involved in the enrollment process.

The Eligible Group Member must:
1. Complete the enrollment process, as designated by NDPERS for the Group Member and any Eligible Dependents; and
2. Provide all information needed to determine the eligibility of the Group Member and/or Dependents, if requested by the Plan.

The Group must:
- Provide all information needed by Sanford Health Plan to determine eligibility; and
- Agree to pay the required premium payments on behalf of the Eligible Group Member.

1.3 WHEN COVERAGE BEGINS
Coverage generally becomes effective on the first day of the month that follows the date of hire, as designated by NDPERS.

If you are an inpatient in a Hospital or other Facility on the day your coverage begins, we will pay benefits for Covered Services that you receive beginning on the date your coverage becomes effective, as long as you receive Covered Services in accordance with the terms of this Certificate. Payment of benefits is subject to any obligations under a previous plan or coverage arrangement in accordance with state law and applicable regulations.

For more information, see Section 8, “Continuation of Coverage for Confined Members” and “Extension of Benefits for Total Disability”.

1.4 ELIGIBILITY REQUIREMENTS FOR DEPENDENTS
The following Dependents are eligible for coverage (“Dependent coverage”):

**Spouse** - The Subscriber’s spouse under a legally existing marriage. A Spouse is eligible for coverage, subject to eligibility requirements as designated by NDPERS.

**Dependent Child** - To be eligible for coverage, a Dependent Child must meet all the following requirements:

1) Be your natural child, a child placed with you for adoption, a legally adopted child, a child for whom you have legal guardianship, a stepchild, or foster child; and
2) Be one of the following:
   - under twenty-six (26) years old; or
   - incapable of self-sustaining employment by reason of a disabling condition, and chiefly dependent upon the Policyholder/Subscriber for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the Dependent Child’s disability within thirty-one (31) days of the Plan’s request. Such a request may be no more than annually following the two year period of the disabled dependent child’s attainment of the limiting age [N.D.C.C. §26.1-36-22 (4)]; If a person has a disabled dependent that is over the limiting age but was never previously covered by the Plan, they are eligible for coverage if the disability occurred prior to
reaching the limiting age of 26. If for any reason, Subscriber drops coverage for a disabled dependent prior to age 26, then wishes to cover the child again, coverage must be added prior to the child turning age 26. If the disabled child has reached age 26, the child must be continuously covered under the Plan in order to maintain eligibility.

**Dependent of Dependent Child** - To be eligible for coverage, a Dependent of the Dependent Child must be the Subscriber’s grandchild or the grandchild of the Subscriber’s living, covered Spouse if (1) the parent of the grandchild is a Member and (2) both the parent of the grandchild and the grandchild are primarily dependent on the Subscriber for financial support. The term grandchild means any of the following:

- natural child of a Dependent Child;
- child placed with a Dependent Child for adoption;
- child legally adopted by a Dependent Child;
- child for whom a Dependent Child has legal guardianship;
- stepchild of a Dependent Child; or
- foster child of a Dependent Child.

**Limitations.** A Dependent shall not be covered under this Contract if he or she is eligible to be a Subscriber, already covered as a Dependent of another Subscriber, or already covered as a Subscriber.

**NOTE:** Dependent coverage does not include the spouse of an adult Dependent child. Coverage will continue to the end of the month in which the adult Dependent child reaches the limiting age. Coverage does not include the adult Dependent child’s spouse or child of such Dependent (dependent of dependent) unless that Dependent’s child meets other coverage criteria established under state law. Dependent Child’s marital status, financial status, residency, student status or employment status will not be considered in determining eligibility for initial or continued coverage.

**1.5 NONCUSTODIAL SUBSCRIBERS**

Whenever a Dependent Child receives coverage through the noncustodial parent who is the Subscriber, Sanford Health Plan shall do all of the following:

- Provide necessary information to the custodial parent in order for the Dependent Child to receive benefits under this Contract;
- Allow the custodial parent or Provider, with the custodial parent’s approval, to submit claims for Covered Services without approval from the noncustodial parent; and
- Make payment on the submitted claims directly to the custodial parent or Provider.

**1.6 STATUS OF MEMBER ELIGIBILITY**

The Plan Administrator agrees to furnish Sanford Health Plan with any information required by Sanford Health Plan for the purpose of enrollment. Any changes affecting a Member’s eligibility for coverage must be provided to Sanford Health Plan by the Plan Administrator and/or the Member immediately, but in any event, the Plan Administrator and/or the Member shall notify Sanford Health Plan within 31 days of the change.

Statements made on membership applications are deemed representations and not warranties. No statements made on the membership application may be used in any contest unless a copy has been furnished to that person, or in the event of the death or incapacity of that person, to the individual’s beneficiary or personal representative. The Subscriber is provided a copy of the membership application at the time of completion.
A Member making a statement (including the omission of information) on the membership application or in relation to any of the terms of this Benefit Plan constituting fraud or an intentional misrepresentation of a material fact will result in the rescission of this Benefit Plan by Sanford Health Plan. A rescission is a cancellation or discontinuance of coverage, including any benefits paid, that has a retroactive effect of voiding this Benefit Plan or any benefits paid under the terms of this Benefit Plan.

1.7 WHEN AND HOW TO ENROLL DEPENDENTS

A Subscriber shall apply for coverage for a Dependent during the same periods of time that the Subscriber may apply for his or her own coverage. However, there is an exception for newborn and adopted children; see “Coverage from Birth” and “Adoption or Children Placed for Adoption” section below. There is also an exception for Spouses; see “New Spouses” section below.

How to Enroll Dependents

The Group Member must:

1. Complete the enrollment process, as designated by NDPERS, for the Group Member and any Eligible Dependents; and

2. Provide all information needed to determine the eligibility of the Group Member and/or Dependents, if requested by the Plan.

1.8 WHEN DEPENDENT COVERAGE BEGINS

A. General

If a Dependent is enrolled at the same time the Subscriber enrolls for coverage through NDPERS, the Dependent’s effective date of coverage will be the same as the Subscriber’s effective date as described in Section “When Coverage Begins” above.

B. Delayed Effective Date of Dependent Coverage

Except for newborns (see “Coverage from Birth” section below), if, on the date Dependent coverage becomes effective, the Dependent is Hospitalized and covered under an extension of health benefits under any prior coverage exists, the Plan coordinates benefits. For more details on Coordination of Benefits, see Section 6.

C. Coverage from Birth

If a Subscriber has a child through birth, the child will become a covered Dependent from the date of birth. Depending on the Class of Coverage the Subscriber is enrolled under, the following provisions apply:

a. Subscribers with Single Coverage: Newborns are covered under a Single Coverage Plan through the date of mother’s discharge from the hospital in which the child was born. For coverage to extend after the mother’s hospital discharge, Subscribers must submit application to NDPERS within thirty-one (31) days of the newborn’s date of birth. Coverage will then be applied retroactively back to the date of birth.

b. Subscribers with Family Coverage: Newborn children will be added to the Certificate automatically if the Subscriber is enrolled in Family Coverage.

A Dependent of Dependent (Subscriber’s Grandchild), as defined by the eligibility criteria listed above, must be added to the Subscriber’s policy within thirty-one (31) days of birth to qualify for coverage.
An Eligible Group Member who failed to enroll during a previous enrollment period shall be covered under this Contract from the date of the child’s birth, provided that coverage is applied for through NDPERS within thirty-one (31) days of the birth. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the Employee’s Eligible Dependent(s) enroll.

Dependent coverage is available for the Spouse. The Spouse may be added if application is made within thirty-one (31) days of a child’s birth if otherwise eligible for coverage under the Plan, provided that coverage is applied through NDPERS for the Spouse and, if applicable, the Group Member.

D. Adoption or Children Placed for Adoption
If a Subscriber adopts a child or has a child placed with him or her as a Dependent, that child will become covered as an Eligible Dependent as of the date specified within a court order or other legal adoption papers. Regardless of the Class of Coverage the Subscriber is enrolled under, the following provisions apply:

a. Subscribers with either Single or Family Coverage: For coverage to continue beyond thirty-one (31) days of the date specified within the court order or other legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage, the Subscriber must submit an application for coverage to NDPERS within thirty-one (31) days of the date specified within the court order or other legal adoption papers that granted initial eligibility.

An Eligible Group Member, and any other Dependents, eligible to be enrolled in the Plan, who failed to enroll during a previous enrollment period, shall be covered as of the date specified within a court order or other legal adoption papers, if the Eligible Group Member, and any other Eligible Dependents, submits an application for coverage to NDPERS within thirty-one (31) days of the date specified within the court order or in the legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the Employee’s Eligible Dependent(s) enroll.

Dependent coverage is available for the Spouse, if the Spouse is otherwise eligible for coverage under the Plan, provided that an application for coverage is submitted to NDPERS for the Spouse and, if applicable, the Group Member, within thirty-one (31) days of the date specified within the court order or in the legal adoption papers granting an adoption, placement for adoption, legal guardianship, or order to provide health coverage.

Coverage at the time of placement for adoption includes the necessary care and treatment of medical conditions existing prior to the date of placement.

E. New Spouses and Dependent Children
If a Subscriber gets married, his or her Spouse, and any of the Spouse’s Dependents who thus become Eligible Dependents of the Subscriber as a result of the marriage, will become covered as a Member from the first day of the calendar month beginning after the date of marriage, provided that coverage is applied for with NDPERS for the Spouse and/or Eligible Dependents within thirty-one (31) days of the date of marriage. If the Subscriber does not submit an application for coverage to NDPERS for the Spouse and/or any Eligible Dependent(s) within thirty-one (31) days of the date of marriage, then Late Enrollee provisions apply and the Late Enrollee can only enroll during the next scheduled Annual Enrollment Period with coverage effective the following January 1st. This includes marriages for which coverage was effective on or after June 26, 2015, regardless of the Spouses’ gender/sex.
If an Eligible Group Member, who is an Employee eligible to enroll in the Plan, but who did not do so during a previous enrollment period, gets married, the employee becomes an eligible Subscriber under the following conditions:

a. The Subscriber, his or her Spouse, and any Dependents who thus become Eligible Dependents of the Subscriber as a result of the marriage, will become covered as a Member from the first day of the calendar month beginning after the date of marriage, provided that coverage is applied for within thirty-one (31) days of the date of marriage or as applicable during the Special Enrollment Period detailed under notation F in the Special Enrollment Rights section.

b. Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the Employee’s Eligible Dependent(s) enroll.

** NOTE: Per Federal laws, guidance, and regulations, the sexual orientation and sex/gender of Spouses, married in a jurisdiction with legal authority to authorize their marriage, is not a factor in the issuance of coverage or benefit determinations. Sanford Health Plan, in compliance with federal guidance for all states, offers coverage to all legally married Spouses, and any Eligible Dependents as a result of marriage, regardless of the jurisdiction in which the marriage occurred. The provisions in this contract regarding Spousal eligibility and Late Enrollees continue to apply, regardless of Spouses’ sex/gender.

1.9 QUALIFIED MEDICAL CHILD SUPPORT ORDER (QMCSO) PROVISION
A QMCSO is an order that creates the right of a Subscriber’s Dependent Child to be enrolled in coverage under this Contract. If a QMCSO is issued, Sanford Health Plan will provide benefits to the Dependent Child(ren) of a Subscriber regardless of whether the Dependent Child(ren) reside with the Subscriber. In the event that a QMCSO is issued, each named Dependent Child(ren) will be covered by this Certificate of Insurance in the same manner as any other Dependent Child(ren).

When Sanford Health Plan is in receipt of a medical child support order, Sanford Health Plan will notify the Subscriber and each Dependent Child named in the order, whether or not it is a QMCSO. A QMCSO must contain the following information:

1. Name and last known address of the Subscriber and the Dependent Child(ren) to be covered by the Plan.
2. A description of the type of coverage to be provided to each Dependent Child.
3. The applicable period determined by the order.
4. The plan determined by the order.

In order for the Dependent Child’s coverage to become effective as of the date of the court order issued, the Subscriber must apply for coverage as defined previously in this section. Each named Dependent Child may designate another person, such as a custodial guardian, to receive copies of explanation of benefits, checks, and other materials.

Exceptions
If a court has ordered a Subscriber to provide health coverage for a Dependent Child, the above requirements under Dependent Child need not be satisfied, but the Subscriber must still request enrollment on behalf of the Dependent Child as set forth in this Certificate of Insurance. If the Subscriber fails to enroll the Dependent Child, the other parent may enroll the Dependent Child. A Dependent Child who is provided coverage pursuant to this exception shall not be terminated unless Sanford Health Plan is provided satisfactory written evidence of any of the following:

1. The court or administrative order is no longer in effect;
2. The Dependent Child(ren) currently receive(s) or will be enrolled in comparable health coverage through a health insurance issuer which will take effect not later than the effective date of the termination; or
3. The Group has eliminated family coverage for all of its Eligible Group Members.

1.10 SPECIAL ENROLLMENT PROCEDURES AND RIGHTS

A Special Enrollment Period may apply when an individual becomes an Eligible Dependent through marriage, birth, adoption, or placement for adoption or when an Eligible Group Member or an Eligible Dependent involuntarily loses other health coverage.

A. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) of any mailing address change within thirty-one (31) days of the change.

B. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) of any change in marital status within thirty-one (31) days of the change or as applicable during the Special Enrollment Period detailed under notation F in the Special Enrollment Rights section.

1. If the Subscriber marries, Eligible Dependents may be added as a Member if a membership application is submitted within 31 days of the date of marriage. If the membership application is not submitted within the 31-day period, and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group’s anniversary date.

If the membership application is submitted within thirty-one (31) days of the date of marriage, the effective date of coverage for the Eligible Dependent will be the first of the month immediately following the date of marriage. If the membership application is not submitted within thirty-one (31) days of the date of marriage and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group’s anniversary date.

2. If a Member becomes otherwise ineligible for group membership under this Benefit Plan due to legal separation, divorce, annulment, or death, coverage for the Subscriber’s Spouse and/or Dependents under Family Coverage will cease, effective the first of the month immediately following timely notice of the event causing ineligibility.

If living in the Sanford Health Plan Service Area (see Service Area in Introduction Section), a Member has the option to continue coverage through one of Sanford Health Plan’s individual plans. For more information on options available through Sanford Health Plan, visit sanfordhealthplan.com/ndpers or call Customer Service toll-free at (800) 499-3416 | TTY/TDD: 711 (toll-free).

To learn more about offerings on the Marketplace, and options outside the Sanford Health Plan Service Area, visit healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.

C. The Subscriber is responsible for notifying the Plan Administrator (NDPERS) and Sanford Health Plan of any change in family status within thirty-one (31) days of the change. The effective date of coverage for dependents added to this Benefit Plan within the designated time period will be the date of birth, physical placement, or the first of the month immediately following the date established by court order. If a membership application is not submitted within the designated time period and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group’s anniversary date.

The following provisions will apply:

1. At the time of birth, natural children will automatically be added to the Subscriber’s Benefit Plan if Family Coverage is in force. If the Subscriber is enrolled under another Class of Coverage, the Subscriber must submit a membership application for the newborn child within thirty-one (31) days of the date of birth for
coverage to continue beyond the first thirty (30) days beginning with the child’s birth. If the membership application is not submitted within the designated time period and the child is a Late Enrollee, the effective date of coverage will be the Group’s anniversary date.

2. Adopted children may be added to this Benefit Plan if a membership application, accompanied by a copy of the placement agreement or court order, is submitted to NDPERS within thirty-one (31) days of physical placement of the child. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group’s anniversary date.

3. Children who have been placed under the care Subscriber, or the Subscriber’s living, covered spouse due to the Subscriber, or the Subscriber’s living, covered spouse being appointed legal guardian, may be added to this Benefit Plan by submitting a membership application within thirty-one (31) days of the date legal guardianship is established by court order. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group’s anniversary date.

4. Children for whom the Subscriber or the Subscriber’s living, covered spouse are required by court order to provide health benefits may be added to this Benefit Plan by submitting a membership application within thirty-one (31) days of the date established by court order. If the membership application is not received in accordance with this provision and the child is a Late Enrollee, the effective date of coverage will be the Group’s anniversary date.

5. If any of the Subscriber’s children, or those of the Subscriber’s living, covered spouse, who are Eligible Dependents under the Plan, beyond the age of 26, incapable of self-sustaining employment by reason of a disabling condition, and chiefly dependent upon the Certificate holder/Subscriber for support and maintenance, shall have coverage remain in effect as long as such disabled child remains dependent upon the Certificate holder/Subscriber or the Subscriber’s spouse for support and maintenance. If the Plan so requests, the Subscriber must provide proof of the child’s disability within thirty-one (31) days of the Plan’s request.

6. If a child is no longer an Eligible Dependent under this Benefit Plan, and the child is living in the Sanford Health Plan Service Area (see Service Area in the above Introduction Section), the Dependent has the option to continue coverage through one of Sanford Health Plan’s individual plans. For more information on options available through Sanford Health Plan, visit sanfordhealthplan.com/ndpers or call Customer Service toll-free at (800) 499-3416 | TTY/TDD: 711 (toll-free). There may also be other coverage options through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as another employer’s plan) through what is called a “special enrollment period.” The cost of these options may vary depending on a Subscriber’s individual circumstances. To learn more about offerings on the Marketplace, and options outside the Sanford Health Plan Service Area, visit healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.

7. At the time of birth or adoption, other Eligible Dependents may be added to this Benefit Plan if a membership application is submitted to NDPERS within thirty-one (31 days) of birth or physical placement of the adopted child. If the membership application is not received in accordance with this provision, and the Eligible Dependent is a Late Enrollee, the effective date of coverage will be the Group’s anniversary date. Pursuant to N.D.A.C. §71-03-03-01, an Employee who previously waived coverage must enroll for coverage at the same time that the Employee’s Eligible Dependent(s) enroll.

D. Employees and/or dependents who previously declined coverage under this Benefit Plan will be able to enroll under this Benefit Plan if each of the following conditions are met:

1. During the initial enrollment period the employee or dependent states, in writing, that coverage under a group health plan or health insurance coverage was the reason for declining enrollment at such time.

2. The employee’s or dependent’s coverage under a group health plan or other health insurance coverage:
   a. was either terminated as a result of loss of eligibility (including loss as a result of legal separation, divorce, death, termination of employment or reduction of hours, loss as a result of having a subsequent opportunity for late enrollment [including the Annual Enrollment Period] or special

33
enrollment under the Benefit Plan but again choosing not to enroll, or employer contributions toward such coverage were terminated; or
b. was under COBRA and the coverage was exhausted.
3. The employee requests such enrollment within thirty-one (31) days after the exhaustion or termination of coverage.

The effective date of coverage for an employee and/or dependent that previously declined coverage under this Benefit Plan, and is enrolling pursuant to this provision, will be the first of the month following the exhaustion or termination of the employee’s and/or dependent’s previous coverage. The employee and/or dependent shall be responsible for any and all premium payments from the effective date of coverage under this provision through the date the employee and/or dependent requests enrollment under the terms of this Benefit Plan.

If the membership application is not received in accordance with this provision, and the Employee or Dependent is a Late Enrollee, the Late Enrollee’s effective date of coverage will be the Group’s anniversary date.

E. Employees and/or Dependents will be able to enroll under this Benefit Plan if either of the following conditions is met:
1. The employee or dependent is covered under a Medicaid plan under Title XIX of the Social Security Act, or under a state child health plan under Title XXI of the Social Security Act, and the employee’s or dependent’s coverage under such a plan is terminated as a result of loss of eligibility. The employee must request enrollment within sixty (60) days of the date of termination of coverage; or
2. The employee or dependent becomes eligible for premium assistance under a Medicaid plan under Title XIX of the Social Security Act or under a state child health plan under Title XXI of the Social Security Act. The employee must request enrollment within sixty (60) days of the date the employee or dependent is determined to be eligible for premium assistance.

The effective date of coverage under this Benefit Plan for an employee and/or dependent enrolling pursuant to this provision will be the first day immediately following the termination of coverage or eligibility for premium assistance. The employee and/or dependent shall be responsible for any and all premium payments from the effective date of coverage under this provision through the date the employee and/or dependent requests enrollment under the terms of this Benefit Plan.

F. In accordance with the decision of the Supreme Court of the United States on June 26, 2015, in Obergefell v. Hodges, 576 U.S. (2015), regarding same-sex marriage:
1. **Same-sex marriages that occurred prior to June 26, 2015:** NDPERS will have a special enrollment period from July 1, 2015 through September 30, 2015. Coverage will be effective retroactive to July 1, 2015. If the Subscriber does not enroll during this eligibility period, the Late Enrollee can only enroll during the next scheduled Annual Enrollment Period with coverage effective the following January 1st.
2. **Same-sex marriages that occur on or after June 26, 2015:** The Subscriber must submit an application for coverage within the first thirty-one (31) days of the event. If the Subscriber does not enroll when initially eligible, the Late Enrollee can only enroll during the next scheduled Annual Enrollment Period with coverage effective the following January 1st.

Pursuant to N.D.A.C. §71-03-03-01, an employee who previously waived coverage must enroll for coverage at the same time that the Employee’s Eligible Dependent is enrolled.

* Loss of coverage due to failure to make premium payment and/or allowable rescissions of coverage does not qualify for a Special Enrollment Period.
* Voluntarily terminating/dropping COBRA coverage before it runs out outside Annual Enrollment does not qualify for a Special Enrollment Period.

COBRA coverage must be exhausted (usually 18 or 36 months) or another qualifying life event must occur before eligible for special enrollment.

1.11 CHILDREN’S HEALTH INSURANCE PROGRAM REAUTHORIZATION ACT OF 2009 (CHIPRA)

The Children’s Health Insurance Program (CHIP) Reauthorization Act of 2009 grants special enrollment rights to employees and Dependents who are eligible for, but not enrolled in, a group health plan to enroll in the plan upon:

- Losing eligibility for coverage under a State Medicaid or CHIP program, or
- Becoming eligible for State premium assistance under Medicaid or CHIP.

In order to qualify for special enrollment, an eligible employee or dependent must request coverage within sixty (60) days of either being terminated from Medicaid or CHIP coverage, or being determined to be eligible for federal premium assistance. In either situation, the Plan will also require the eligible employee to enroll in Plan coverage. Special enrollment rights extend to all benefit packages available under the Plan. If you have questions about enrolling in your employer plan under CHIPRA special enrollment rights, contact the U.S. Department of Labor at www.askebsa.dol.gov or call (866) 444-3272 (toll-free).

If you or your Dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your Dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial (877) KIDS NOW or www.insurekidsnow.gov to find out how to apply.

1.12 MICHELLE’S LAW

Federal law requires that we provide the following notice regarding Michelle’s Law [Public Law 110-381]. Please note that changes in federal law may eliminate certain elements of Michelle’s Law, and the Plan intends to provide continuing coverage of Eligible Dependents up to age twenty-six (26), irrespective of their student status, for Plan Years beginning on or after September 23, 2010.

A Dependent Child under twenty-five (25) years old and enrolled in and attending an accredited college, university, or trade or secondary school at least five (5) months each year will remain covered if the Dependent takes a medically necessary leave of absence from school or changes to part-time status. The leave of absence must:

1. Be medically necessary;
2. Commence while the child is suffering from a serious illness or injury; and
3. Cause the child to lose coverage under the plan.

Students are only eligible as long as they were covered by their parent’s health insurance Certificate prior to diagnosis. Coverage will continue until the earlier of one year from the first day of the leave of absence or the date on which coverage would otherwise terminate because the child no longer meets the requirements to be an Eligible Dependent (e.g., reaching the plan’s limiting age).

You must provide a written and signed certification from the Dependent Child’s treating Practitioner and/or Provider stating that the Dependent Child is suffering from a serious illness or injury and that the leave of absence is medically necessary and the effective date of the leave.
SECTION 2
HOW YOU GET CARE

2.1 IDENTIFICATION CARDS

Sanford Health Plan will send you an identification (ID) card when you enroll. Each Subscriber will receive their own Member ID card after enrollment, which should be used when you receive care. You must show it whenever you receive services from a Provider, a health care Facility, or fill a prescription at a Plan pharmacy. If you fail to show your ID card at the time you receive Health Care Services or prescription medications, you will be responsible for payment of the claim after the Participating Practitioner and/or Provider’s timely filing period of one-hundred-eighty (180) calendar days has expired. Your coverage will be terminated if you use your ID card fraudulently or allow another individual to use your ID card to obtain services.

If you do not receive your ID card within thirty (30) calendar days after the effective date of your enrollment, you need a temporary card or replacement cards, please call us at (800) 499-3416 | TTY/TDD: 711 (toll-free) or write to us at Sanford Health Plan, ATTN: NDPERS, PO Box 91110 Sioux Falls, SD 57109-1110. You may also request replacement cards by signing into your account at sanfordhealthplan.com/memberlogin. Information on creating an account is available at sanfordhealthplan.com/ndpers.

2.2 CONDITIONS FOR COVERAGE

Members are entitled to coverage for the Health Care Services (listed in the “Covered Services,” in Section 3) that are:

- Medically Necessary and/or Preventive;
- Received from or provided under the orders or direction of a Participating Provider;
- Approved by the Plan, including Preauthorization/Prior Approval where required; and
- Within the scope of health care benefits covered by the Plan.

However, this specific condition does not apply to Emergency Medical Conditions or urgent care in and out of the Service Area. In such cases, the services will be covered if they are provided by a Non-Participating or Out-of-Network Provider.

If during an emergency or Urgent care situation, the Member is in the Service Area and is alert, oriented and able to communicate (as documented in medical records); the Member must direct the ambulance to the nearest Participating Practitioner and/or Provider.

Members are not required, but strongly encouraged, to select a Primary Care Physician and use that Physician to coordinate their Health Care Services.

In addition, all Health Care Services are subject to:

- The exclusions and limitations described in Sections 3 and 4; and
- Any applicable Copay, Deductible, and Coinsurance amount as stated in your Summary of Benefits and Coverage (SBC), and Pharmacy Handbook.
2.3 IN-NETWORK COVERAGE

In-Network coverage is provided under two (2) plan levels. For more information, see Selecting a Health Care Provider in Section 3.7. In-Network benefit payments pay according to coverage under:

1. Basic Plan; or
2. PPO Plan

Note: If you travel out of the Plan’s Service Area for the purpose of seeking medical treatment outside the Plan’s Service Area, as defined in this COI, without Preauthorization/Prior Approval for a service that requires such authorization/approval, your claims will be paid according to the Basic Plan benefits and stipulations set forth in Section 3.7.

Additionally, the Member will receive Basic Plan benefits if: 1) a PPO Health Care Provider is not available in the Member’s area; or 2) if the Member either chooses or is referred to a Health Care Provider not participating in the Preferred Provider Organization (PPO).

For Appropriate Access standards, see below.

In the following circumstances, Medically Necessary Health Care Services received from Non-Participating Providers may be Covered Services subject to In Network Cost Sharing, although Members may be responsible for the difference between the amount charged by the Non-Participating Provider and Sanford Health Plan’s payment for Covered Services.

1. Ancillary Health Care Services. Health Care Services received from a Non-Participating Provider that are ancillary to a Covered Service being provided by In-Network Participating Practitioner and/or Provider, such as anesthesiology or radiology, if rendered in an In-Network Facility. Any payment by the Member for the difference between the amount charged by the Non-Participating Provider and Sanford Health Plan’s payment for Covered Services will count towards the Out-of-Pocket Maximum Amount applicable to In Network Benefits.

2. Termination of a Participating Provider. Health Care Services received from a Participating Provider by a Member who is under an Active Course of Treatment and we terminate the Participating Provider’s status as a Participating Provider without cause. The Member or the terminated Participating Provider must request and receive written approval from us. Any payment by the Member for the difference between the amount charged by the Non-Participating Provider and Sanford Health Plan’s payment for Covered Services will not count towards the Out-of-Pocket Maximum Amount applicable to In Network Benefits.

2.4 APPROPRIATE ACCESS

Primary Care Physicians and Hospital Providers
Appropriate access for Participating Practitioner and/or Providers who provide primary care services and Hospital Provider sites is within fifty (50) miles of a Member’s city of legal residence.

Specialty Practitioners and Providers
For other Participating Practitioner and/or Providers such as Specialty Physicians, Diagnostic Service Centers, Nursing Homes, and Rehabilitation Providers, appropriate access is within fifty (50) miles of a Member’s city of legal residence. If you are traveling within the Service Area where other Participating Practitioner and/or Providers are available, then you must use Participating Practitioner and/or Providers.
Members who live outside of the Plan’s Service Area must use the Plan’s contracted Network of Participating Practitioners and Providers as indicated in the Plan’s Provider Directory. Members who live outside the Service Area will receive Identification Cards that display their network logo along with instructions on how to access this Network. If a Member chooses to go to a Non-Participating Practitioner or Provider when appropriate access (within fifty (50) miles of a Member’s city of legal residence) is available, claims will be processed at the Basic Plan (Out-of-Network) level.

Transplant Services

Transplant Services must be performed at designated participating facilities and are not subject to the appropriate access standards outlined above. Transplant coverage includes related post-surgical treatment, drugs, eligible travel, and living expenses and shall be subject to and in accordance with the provisions, limitations and terms of Sanford Health Plan’s transplant policy.

2.5 CASE MANAGEMENT

Case management is a collaborative process that assesses, plans, implements, coordinates, monitors and evaluates the options and services required to meet an individual’s health needs, using communication and available resources to promote quality, cost effective outcomes.

Cases are identified for possible case management, based on a request for review or the presence of a number of parameters, such as:

1. admissions that exceed the recommended or approved length of stay;
2. utilization of health care services that generates ongoing and/or excessively high costs;
3. conditions that are known to require extensive and/or long term follow up care and/or treatment.

Sanford Health Plan’s case management process allows professional case managers to assist Members with certain complex and/or chronic health issues by coordinating treatment and/or other types patient care plans.

In consultation with case managers, Sanford Health Plan may approve coverage that extends beyond the limited time period and/or scope of treatment initially approved. This consultation also includes utilization management processes as described below.

All decisions made through case management are based on the individual circumstances of a Member’s case. Each case is reviewed on its own merits by appropriate health plan medical professionals to ensure the best health outcome(s) of the Member.

NOTE: For certain transplant procedures, case management services will be provided by the Plan’s transplant vendor, not Sanford Health Plan. For benefit details on transplant services, see Section 3.2.

2.6 BENEFIT DETERMINATION REVIEW PROCESS

Sanford Health Plan Appeals and Grievances Department reviews all non-medical benefit determinations through review of Certificate of Insurance language, contractual terms, administrative policies related to benefits as defined by this Policy, and benefits requests. All benefit determinations that are Adverse will be made by the person assigned to coordinate Benefit, Denial, and Appeal processes.
The date of receipt for non-urgent (standard) requests received outside of normal business hours will be the next business day.

Refer to the Introduction section at the beginning of this document for instructions on how to contact the Appeals and Grievances department.

2.7 ROUTINE (NON-URGENT) PRE-SERVICE BENEFIT REQUESTS

All pre-service benefit determination (approval) requests will be determined within fifteen (15) business days of receipt of the request. When a preauthorization (pre-approval) request is received before a service occurs, the date of receipt for non-urgent (standard) requests is the date the Plan receives the Member’s request. If the request is made outside of business hours, the date of receipt will be next business day. If Sanford Health Plan denies a benefit (an Adverse Benefit Determination) the Plan will contact the Member via mail.

2.8 ROUTINE POST-SERVICE BENEFIT REQUESTS

Retrospective (post-service) requests occur when a Member has already utilized healthcare services and did not inquire about coverage pre-service. Post-service requests are not related documentation, coding or reimbursement from the Plan. Sanford Health Plan will review and approve or deny the service based on Medical Necessity within thirty (30) calendar days of receipt of the request. A letter will be sent to the Member within those 30 calendar days with the Plan’s determination.

2.9 UTILIZATION MANAGEMENT REVIEW PROCESS

Refer to the Introduction section at the beginning of this document for instructions on how to contact the Utilization Management department.

The date of receipt for non-urgent requests received outside of normal business hours will be the next business day. The date of receipt for urgent requests will be the actual date of receipt, whether or not it is during normal business hours.

All Utilization Review Adverse Determinations will be made by the Sanford Health Plan Chief Medical Officer or appropriate Practitioner.

Claims for benefits under the Plan can be post-service, pre-service, or concurrent. This part of Section 2 explains how we process different types of claims.

**Designating an Authorized Representative**

You may act on your own behalf, or through an Authorized Representative, if you wish to exercise your rights under this Section. An Authorized Representative is someone you designate in writing to act on your behalf. We have developed a form that you must complete if you wish to designate an Authorized Representative. You can get the form by calling Customer Service. You can also log into your account at [www.sanfordhealthplan.com/memberlogin](http://www.sanfordhealthplan.com/memberlogin) and download a copy of the form. If a person is not properly designated as your Authorized Representative, we will not be able to deal with him or her in connection with your rights under this Section of your Policy.

For urgent pre-service claims, we will presume that your Provider is your Authorized Representative unless you tell us otherwise in writing.

39
Your Right to Information

You have the right, upon request, to receive copies of any documents that we relied on in reaching our decision and any documents that were submitted, considered, or generated by us in the course of reaching our decision. You also have the right to receive copies of any internal rules, guidelines, or protocols that we may have relied upon in reaching our decision. If our decision was based on a medical or scientific determination (such as Medical Necessity), you may also request that we provide you with a statement explaining our application of those medical and scientific principles to you. If we obtained advice from a health care professional (regardless of whether we relied on that advice), you may request that we give you the name of that person. Reasons for any denial or reimbursement or payment for services with respect to benefits under the Plan will be provided within 30 business days of a request. We will not charge you for any information that you request regarding our decision.

Your Complaint (Grievance) & Appeal Rights

If you are dissatisfied with our handling of a claim or have any questions or complaints, you may do one or more of the following:

- You may call or write the Appeals and Grievances Department. We will help you with questions about your coverage and benefits or investigate any adverse benefit determination you might have received; or
- You may file an Appeal if you have received an Adverse Benefit Determination. Please see Section 10 for more information on the Appeals Process.

The Plan’s claims procedures are designed to comply with the requirements of ERISA. We will process your claim according to ERISA standards. In compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), criteria for Medical Necessity determinations is available upon request to any current or potential Member, beneficiary, or contracting provider. For details on the complaint and appeals process, see Section 10.

NOTE: If you receive an Adverse Determination, you have the right to request treatment and diagnosis code information free of charge. Any request for diagnosis and treatment code information may not (and is not) considered a request for an Internal Appeal and/or External Review.

2.10 PROSPECTIVE (PRE-SERVICE) REVIEW OF SERVICES (CERTIFICATION PRIOR AUTHORIZATION)

Prior Authorization (also referred to as Certification) is a decision by the Plan that a health care service, treatment plan, prescription drug or durable medical equipment is medically necessary and appropriate. Preauthorization is required for services as defined above, except in urgent or emergent situations. Although the Plan may authorize a health care service as medically necessary, it is not a guarantee the Plan will cover the cost.

Determination of the appropriateness of care is based on standard review criteria and assessment of the following factors:

- The Member’s medical information, including diagnosis, medical history and the presence of complications and/or comorbidities.
- Consultation with the treating Practitioner and/or Provider, as appropriate.
- Availability of resources and alternate modes of treatment. For admissions to Facilities, other than Hospitals, additional information may include but is not limited to history of present illness, patient
treatment plan and goals, prognosis, staff qualifications and twenty-four (24) hour availability of qualified medical staff.

- Sanford Health Plan does not compensate Practitioners, Providers or other individuals conducting Utilization Review for issuing denials of coverage or service care. Any financial incentives offered to Utilization Review decision makers do not encourage decisions that result in underutilization and do not encourage denials of coverage or service.

2.14 ONGOING (CONCURRENT) PREAUTHORIZATION REQUESTS (CERTIFICATION) OF HEALTH CARE SERVICES

Concurrent Review is utilized when a request for an extension of an approved ongoing course of treatment for medical care, including care for behavioral, mental health, and/or substance use disorders, over a period of time or number of treatments, is warranted. Additional stay days must meet the continued stay review criteria and, if acute levels of care criteria are not met, a decision to certify further treatment must be made at that time.

Determinations by us to Limit or Reduce Previously Approved Care

If we have previously approved a hospital stay or course of treatment to be provided over a period of time or number of treatments, and we later decide to limit or reduce the previously approved stay or course of treatment, we will give you advance written notice to permit you to initiate an appeal and obtain a decision before the date on which care or treatments are no longer approved. You must follow the rules we establish for the filing of your appeal, such as the time limits within which the appeal must be filed (See Section 10 for more information on the Appeals Process). Benefits for an ongoing course of treatment cannot be reduced or terminated without providing advance notice sufficient to allow you to appeal and obtain a review determination before the benefit is reduced or terminated. In addition, individuals in urgent care situations and those receiving an ongoing course of treatment may proceed with expedited external review at the same time as the internal appeals process.

Prior Authorization of inpatient care stays will terminate on the date the Member is to be discharged from the Hospital or other Facility (as ordered by the attending Physician). Hospital/Facility days accumulated beyond ordered discharge date will not be certified unless the continued stay criteria continue to be met. Charges by Practitioner and/or Providers associated with these non-certified days are Non-Covered.

Authorization (Certification) of Inpatient health care stays will terminate on the date the Member is to be discharged from the Hospital or Facility (as ordered by the attending Physician). Hospital/Facility days accumulated beyond ordered discharge date will not be certified unless the continued stay criteria continue to be met. Charges by Practitioner and/or Providers associated with these non-certified days will be considered non-covered.
The health care service or treatment that is the subject of the Adverse Determination shall be continued without liability to the Member until the Member or the Member’s Authorized Representative has been notified of the determination with respect to the internal review request made pursuant to the Appeal Procedures.

Any reduction or termination during the course of treatment before the end of the period or number treatments shall constitute an Adverse Determination.

Requests to Extend Previously Approved Care

A Provider who is requesting an extension of an approved ongoing course of treatment beyond the ordered period of time or number of treatments must request Prior Authorization from Sanford Health Plan at least twenty-four (24) hours in advance of the termination of such continuing services. Your Provider may make this request in writing or orally directly to us. To request a concurrent review determination, call Utilization Management. Refer to the Introduction section for Utilization Management contact information.

If Utilization Management denies the extension of treatment, it will advise the Member and Practitioners and/or Providers within twenty-four (24) hours of receiving the request. If the Member decides to appeal this denial, the health care services or treatment subject to the Adverse Determination shall be continued without cost to the Member while the determination is under review as specified by the Appeal procedures outlined in Section 10.

If the internal review process results in a denial of the request for an extension, the payment of benefits for such treatment shall terminate but the Member may pursue the appeal rights described in Section 10.

Any reduction or termination by the Plan during the course of treatment before the end of the period or number of treatments shall constitute an Adverse Determination.

For requests to extend the course of treatment beyond the initial period of time or the number of treatments, if the request is made at least twenty-four (24) hours prior to the expiration of the prescribed period of time or number of treatments, Sanford Health Plan shall make a determination and orally notify the Member, or the Member’s Authorized Representative, Practitioner and those Providers involved in the provision of the service, of the determination as soon as possible, taking into account the Member’s medical condition, but in no event more than seventy-two (72) hours after the date of Sanford Health Plan’s receipt of the request.

Sanford Health Plan will provide electronic or written notification of an authorization to the Member, Practitioner and those Providers involved in the provision of the service within three (3) calendar days after the oral notification.

We shall provide written or electronic notification of the Adverse Determination to the Member and those Providers involved in the provision of the service sufficiently in advance (but no later than within three (3) calendar days of the telephone notification) of the reduction or termination to allow the Member or, the Member’s Authorized Representative to file a Grievance request to review of the Adverse Determination and obtain a determination with respect to that review before the benefit is reduced or terminated. Sanford Health Plan will terminate payment of benefits on the date that oral notification of the reduction or termination of benefits is made. In cases where the Member is not at financial risk, Members will not be notified of an Adverse Determination unless the decision has the potential to adversely affect the Member, in terms of coverage or financially, whether immediate or in the future.
Non-Urgent (Standard) Concurrent Reviews

If your request is non-urgent, we will treat it as a new claim for benefits, and will make a determination on your claim within the pre-service or post-service timeframes as outlined in this Section.

Urgent (Expedited) Concurrent Reviews

If your request for additional care is urgent, and if your Provider submits it no later than twenty-four (24) hours before the end of your pre-approved stay or course of treatment, Sanford Health Plan will make the decision as soon as possible (taking into account the medical exigencies) but no later than seventy-two (72) hours after receiving the request. For authorizations and denials, we will give telephone notification of the decision to Members, Practitioners and those Providers involved in the provision of the service within seventy-two (72) hours of receipt of the request. We will give oral, written or electronic notification of the decision to the Member, Practitioner and those Providers involved in the provision of the service as soon as possible but no later than within three (3) calendar days of the oral notification.

If your Provider attempt to file an urgent concurrent review but fails to follow our procedures for doing so, we will notify you and your Provider of the failure within twenty-four (24) hours. Our notification may be oral, unless asked for in writing.

Adverse Determinations

If the determination is an Adverse Determination, we shall provide written notice in accordance with the Written Notification Process for Adverse Determinations procedures outlined below. At this point, the Member can request an appeal of Adverse Determinations. Refer to the “Appeal Procedures” in Section 10 for details.

Lack of Necessary Information

If we need more information, we will let you know within twenty (24) hours of your claim. Sanford Health Plan will tell you what further information is needed. You will then have forty-eight (48) hours to provide us with the additional information. Sanford Health Plan will notify you of our decision within forty-eight (48) hours after we receive all requested information.

Our notification may be oral; if it is, we will follow it up in writing within three (3) days. If we do not receive the information, your claim will be considered denied at the expiration of the forty-eight (48) hours we gave you for furnishing the information to us.

This information will include documentation of processes, strategies, evidentiary standards and other factors used by the plan, in compliance with MHPAEA;

7. If the Adverse Determination is based on Medical Necessity, a written statement of clinical rationale, including clinical review criteria used to make the decision if applicable. If the denial is due to a lack of clinical information, a reference to the clinical criteria that have not been met will be included in the letter. If there is insufficient clinical information to reference a specific clinical practice guideline or policy, the letter will state the inability to reference the specific criteria and will describe the information needed to render a decision;

3.3.1 BENEFIT DESCRIPTION

What is an Emergency Medical Condition?
An Emergency Medical Condition is the sudden and unexpected onset of a health condition that requires immediate medical attention, if failure to provide medical attention would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place the person’s health in serious jeopardy.

What is a Prudent Layperson?
A Prudent Layperson is a person who is without medical training and who possess an average knowledge of health and medicine and who draws on his/her practical experience when making a decision regarding the need to seek Emergency medical treatment.

What is an urgent care situation?
An urgent care situation is a degree of illness or injury, which is less severe than an Emergency Condition, but requires prompt medical attention within twenty-four (24) hours, such as stitches for a cut finger.

If an urgent care situation occurs, Members should contact their Primary Care Physician immediately, if one has been selected, and follows his or her instructions. A Member may always go directly to an urgent care or after-hours clinic.

We cover worldwide emergency services necessary to screen and stabilize Members without Certification in cases where a Prudent Layperson reasonably believed that an Emergency Medical Condition existed.

3.3.2 EMERGENCY WITHIN OUR SERVICE AREA

Emergency services from Basic Plan-level Providers will be covered at the same benefit and Cost Sharing level as services provided by PPO-level Providers both within and outside of the Sanford Health Plan Service Area in cases where a Prudent Layperson reasonably believed that an Emergency Medical Condition existed. If the Plan determines the condition did not meet Prudent Layperson definition of an emergency, then the Basic Plan-level cost-sharing amounts will apply and the Member is responsible for charges above the Maximum Allowed Amount.

If an Emergency Condition arises, Members should proceed to the nearest emergency Facility that is an In-Network Participating Practitioner and/or Provider. If the Emergency Condition is such that a Member cannot go safely to the nearest participating emergency Facility, then the Member should seek care at the nearest emergency Facility. To find a listing of Participating Providers and Facilities, sign into your account at sanfordhealthplan.com/memberlogin or call the Plan toll-free at (800) 499-3416 | TTY/TDD: 711 (toll-free).

The Practitioner and/or Provider must notify the Plan and the Member’s Primary Care Practitioner and/or Provider, if one has been selected, as soon as reasonably possible, and no later than forty-eight (48) hours after physically or mentally able to do so.
3.3.3 PARTICIPATING EMERGENCY PROVIDERS/FACILITIES

The Plan covers Emergency services necessary to screen and stabilize Members without Preauthorization/Prior Approval in cases where a Prudent Layperson reasonably believed that an Emergency Medical Condition existed.

NOTE: If the Plan determines the Member’s condition did not meet the Prudent Layperson definition of an Emergency, then Basic Plan level cost-sharing amounts may apply, subject to whether services were received from a PPO-level or Basic-level Participating Provider/Facility, as set forth in Section 3.7. See Section 3.7, “Participating Providers” and “How PPO vs. Basic Plan Determines Benefit Payment” for details.

3.3.4 NON-PARTICIPATING EMERGENCY PROVIDERS/FACILITIES

The Plan covers Emergency services necessary to screen and stabilize a Member and may not require Prospective (Pre-Service) Review of such services if a Prudent Layperson would have reasonably believed that use of a Participating Provider would result in a delay that would worsen the Emergency, or if a provision of federal, state, or local law requires the use of a specific Practitioner and/or Provider. The coverage shall be at the same benefit level as if the service or treatment had been rendered by a Participating Provider.

NOTE: If the Plan determines the Member’s condition did not meet the Prudent Layperson definition of an Emergency, then Basic Plan level cost-sharing amounts will apply, subject to the limitations on Non-Participating Providers set forth in Section 3.7, and whether services were rendered within or outside the state of North Dakota and its contiguous counties. See Section 3.7, “Non-Participating Health Care Providers”, for more information.

If a Member is admitted as an inpatient to a Non-Participating Provider Facility, then the Plan will contact the admitting Practitioner and/or Provider to determine medical necessity and a plan for treatment. In some cases, where it is medically safe to do so, the Member may be transferred to a Participating Hospital and/or other appropriate Facility.

3.3.5 EMERGENCY OUTSIDE OUR SERVICE AREA

If an Emergency occurs when traveling outside of the Service Area, Members should go to the nearest emergency Facility to receive care. The Member or a designated relative or friend must notify us and the Member’s Primary Care Practitioner and/or Provider, if one has been selected, as soon as reasonably possible, and no later than forty-eight (48) hours after physically or mentally able to do so. Coverage will be provided for Emergency Medical Conditions outside of the Service Area unless the Member has traveled outside the Service Area for the purpose of receiving such treatment.

3.3.6 URGENT CARE SITUATION

Treatment provided in Urgent Care Situations from Basic Plan-level Providers will be covered at the same benefit and cost sharing level as services provided by PPO-level Providers both within and outside of the Sanford Health Plan Service Area in cases where a Prudent Layperson reasonably believed that an Urgent Care Situation existed.

NOTE: If the Plan determines the condition did not meet Prudent Layperson definition of an Urgent Care Situation, then Basic Plan level cost-sharing amounts will apply, and the Member is responsible for charges.
above the Maximum Allowed Amount.

If an **Urgent Care Situation** occurs, Members should contact their Primary Care Practitioner and/or Provider immediately, if one has been selected, and follow his or her instructions. If a Primary Care Practitioner and/or Provider has not been selected, the Member should contact the Plan and follow the Plan’s instructions. To find a listing of Participating Providers and Facilities, sign into your account at sanfordhealthplan.com/memberlogin or call the Plan toll-free at (800) 499-3416 | TTY/TDD: (877) 652-1844 (toll-free).

See Section 3.7, “Participating Providers” and “How PPO vs. Basic Plan Determines Benefit Payment” for details.

**3.3.8 NON-PARTICIPATING PROVIDERS/FACILITIES**

The Plan covers services in an Urgent Care Situation without Preauthorization/Prior Approval requirements if a Prudent Layperson would have reasonably believed that use of a Participating Provider would result in a delay that would worsen the Urgent Care Situation, or if a provision of federal, state, or local law requires the use of a specific Practitioner and/or Provider. The coverage shall be at the same benefit level as if the service or treatment had been rendered by a Participating Provider.

**NOTE:** If the Plan determines the Member’s condition did not meet the Prudent Layperson definition of an Urgent Care Situation, then Basic Plan level cost-sharing amounts will apply, subject to the limitations on Non-Participating Providers set forth in Section 3.7, and whether services were rendered within or outside the state of North Dakota and its contiguous counties. In addition, mental health and substance use disorder benefits are not subject to separate cost sharing requirements or treatment limitations. Mental health and substance use disorders are covered consistent with generally recognized independent standards of current medical practice, which include the current editions of the Diagnostic and Statistical Manual of Mental Disorders (DSM) and the International Classification of Diseases (ICD).

Coverage is provided for mental health conditions which current prevailing medical consensus affirms substantially impairs perception, cognitive function, judgment, and/or emotional stability, and limits the life activities of the person with the condition(s). 3.4.3 SUBSTANCE USE DISORDER BENEFITS

In compliance with the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), the financial requirements and treatment limitations that apply to the mental health and/or substance use disorder benefits are no more restrictive than the predominant financial requirements or treatment limitations that apply to substantially all medical/surgical benefits. In addition, mental health and substance use disorder benefits are not subject to separate Cost Sharing requirements or treatment limitations. Mental health and substance use disorders are covered consistent with generally recognized independent standards of current medical practice, which include the current editions of the Diagnostic and Statistical Manual of Mental Disorders (DSM), the American Society of Addiction Medicine Criteria (ASAM Criteria), and the International Classification of Diseases (ICD).

Substance use disorder benefits are covered with the same Copays, Deductibles, Coinsurance factors, and restrictions as other medical/surgical benefits under the Plan. Coverage for substance use disorders includes:

3.5 OUTPATIENT PRESCRIPTION DRUG BENEFITS

Here are some important things to keep in mind about these benefits:

- Always refer to your Summary of Benefits (SBC), Formulary and other plan documents for specific details on your coverage.
- SHP covers prescribed drugs and medications, as described in this Section and in your Summary of Benefits/Formulary documents.
- All benefits are subject to definitions, limitations and exclusions listed in this document and are only payable when considered Medically Necessary.
- You must receive prior approval (authorization) for some medications. See the Summary of Benefits and Formulary for information.

Refer to the Introduction section at the beginning of this document for instructions on how to contact Pharmacy Management.

3.5.1 BENEFIT DESCRIPTION

You must fill the prescription at a Plan Participating pharmacy for Cost Sharing amounts to apply. A Member may be responsible for payment of the Cost Sharing Amounts at the time the Prescription Medication is dispensed. A Participating Pharmacy agrees not to charge or collect any amount from the Member that exceeds the Cost Sharing Amounts. All claims from a Participating Pharmacy must be submitted by the Participating Pharmacy. A listing of the Plan’s Participating pharmacies is available by contacting the Plan or online at sanfordhealthplan.com/ndpers. Specialty pharmacy options include any in network pharmacy, there is no specialty pharmacy requirement.

If a Member receives Prescription Medications from a Non-Participating Pharmacy, the Member is responsible for submitting a Claim for Benefits. Charges in excess of the Allowed Charge are the Member’s responsibility.

- To fill a prescription, you must present your ID card to your pharmacy, if you do not, you will be responsible for all (100%) of the costs of the prescription to the pharmacy. Additionally, if you choose to go to a Non-Participating pharmacy, you must pay 100% of the costs of the medication to the pharmacy.

**NOTE:** If a Member receives Prescription Medications from a Non-Participating Pharmacy, the Member is responsible for payment of the Prescription Order or refill in full at the time it is dispensed and to submit appropriate reimbursement information to Sanford Health Plan. Payment for covered Prescription Medications will be sent to the Subscriber. Any charges in excess of the Allowed Charge are the Subscriber’s responsibility.

- Sanford Health Plan uses a formulary: a list of prescription drug products, which are covered by the Plan for dispensing to Members when appropriate. The formulary will be reviewed regularly, and medications may be added or removed from the Formulary throughout the year. The Plan will notify you of the changes as they occur. For a copy of the Plan Formulary, contact Pharmacy Management or log in to your Member Portal at www.sanfordhealthplan.com/memberlogin.
- Sanford Health Plan reserves the right to maintain a drug listing of medications that are not available/excluded for coverage per Plan medical necessity and limitation guidelines. Payment for excluded medications will be the Member’s responsibility in full. Members may request an appeal.
(review of an Adverse Determination) based on medical necessity for Non-Covered medications. For details, refer to the appeals section of this Certificate of Insurance.

- Sanford Health Plan will use appropriate Pharmacists and Practitioner and/or Providers to review formulary exception requests and promptly grant an exception to the formulary for a Member when that the prescriber indicates:
  - the Formulary drug causes an adverse reaction in the Member;
  - the Formulary drug is contraindicated for the Member;
  - the prescription drug must be dispensed as written to provide maximum medical benefit to the Member.

- **NOTE:** To request a Formulary exception, please call Pharmacy Management or send a request by logging into the provider portal at [www.sanfordhealthplan.com/memberlogin](http://www.sanfordhealthplan.com/memberlogin).

- Members must first try formulary medications before an exception to the formulary will be made unless the prescriber and the plan determine that use of the formulary drug may cause an adverse reaction or be contraindicated for the Member. If an exception is granted, coverage of the non-formulary drug will be provided for the duration of the prescription, including refills. See Pharmaceutical Review Requests and Exception to the Formulary Process in Section 2 for details.

- With certain medications, the Plan requires a trial of first-line medications, typically generics, before more expensive name brand medications are covered. If the desired clinical effect is achieved or a side effect is experienced, then a second line medication may be tried. If a step therapy rule is not met at the pharmacy, coverage will be determined by Prior Authorization (pre-approval) Review. Request Prior Authorization by contacting Pharmacy Management. Refer to the Formulary for a complete list of medications that require step therapy.

- To be covered by the Plan, certain medications require prior authorization (pre-approval) to ensure medical necessity. This can be in the form of written or verbal certification by a prescriber. To request certification, contact Pharmacy Management. Refer to the formulary for a complete list of medications that require Prior Authorization.

  Certain medications have a quantity limit to ensure the medication is being used as prescribed and the member is receiving the most appropriate treatment based on manufacturer’s safety and dosing guidelines. Refer to your formulary for a complete list of medications with quantity limits.

**There are dispensing limitations.**

- One (1) Copayment Amount, plus any applicable coinsurance amount, applies per Prescription Order or refill for a 1 – 34-day supply.

- Two (2) Copayment Amounts, plus any applicable coinsurance amounts, apply per Prescription Order or refill for a 35 – 100-day supply. Prescription Medications and nonprescription diabetes supplies are subject to a dispensing limit of a 100-day supply.

- Prescription refills will be covered when 75% of your prescription has been used up with a surplus limit of 10 days. The surplus limit is calculated based on the amount of medication obtained over the previous 180 days and limits you to a maximum of 10 days of additional medication at any given time.

- If you traveling on vacation and need an extra supply of medication, you may request a “vacation override” to receive up to a three (3) month’s supply of medication. Vacation supplies are limited to
the time period that the Member is enrolled in the plan and one vacation override per medication per calendar year. Please contact Pharmacy Management to request a vacation override.

- If you receive a brand name drug when there is a generic equivalent or biosimilar alternative available, you will be required to pay a brand penalty. The brand penalty consists of the price difference between a brand name drug and the generic equivalent or biosimilar alternative, in addition to applicable cost sharing (copay and/or deductible/coinsurance) amounts. Brand penalties do not apply to your deductible or maximum out of pocket.

4. YOU MUST GET CERTIFICATION OF THESE SERVICES.

3.7 SCHEDULE OF BENEFITS

3.7.1 GENERAL

This section outlines the payment provisions for Covered Services described in Sections 3 and 5, subject to the definitions, exclusions, conditions and limitations of this Benefit Plan.

3.7.2 OVERVIEW OF COST SHARING AMOUNTS AND HOW THEY ACCUMULATE

Cost Sharing Amounts include Coinsurance, Copayment, and Deductibles; as well as the Prescription Drug Coinsurance Maximum, Infertility Services Deductible and Out-of-Pocket Maximum Amounts. See Cost Sharing Amounts – Details & Definitions later in this Section for more information.

- The Deductible Amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, accumulate jointly up to the PPO Deductible Amount.
- The Out-of-Pocket Maximum Amounts for Covered Services received from a PPO Health Care Provider or on the Basic Plan, accumulate jointly up to the Out-of-Pocket Maximum Amount.
- When the PPO Out-of-Pocket Maximum Amount has been met, all Covered Services received from a PPO Health Care Provider will be paid at 100% of Allowed Charge. Covered Services sought under the Basic Plan will continue to be paid at 75% of the Allowed Charge until the Out-of-Pocket Maximum Amount for Basic Plan services is met.
- Prescription Medication Cost Sharing Amounts do not apply toward the Out-of-Pocket Maximum Amounts.
- Prescription Medication Copayment Amounts do not apply toward the Prescription Drug Coinsurance Maximum Amount.

A Member is responsible for Cost Sharing Amounts. All Members in the family contribute to Deductible and Coinsurance Amounts. However, a Member’s contribution cannot be more than the Single Coverage amount. Health Care Providers may bill you directly or request payment of Coinsurance, Copayment and Deductible Amounts at the time services are provided. For the specific benefits and limitations that apply to this Plan, please see Section 3.8, Outline of Covered Services; Section 3, Covered Services; Section 4, Limited and Non-Covered Services; and your Summary of Benefits and Coverage.

If Sanford Health Plan pays amounts to the Health Care Provider that are the Member’s responsibility, such as Deductibles, Copayments or Coinsurance Amounts, Sanford Health Plan may collect such amounts directly from the Member. The Member agrees that Sanford Health Plan has the right to collect such amounts from the Member.

The benefit payment available under this Benefit Plan differs depending on the Subscriber’s choice of a Health Care Provider. This Benefit Plan recognizes the following categories of Health Care Providers based on the Health Care Provider’s relationship with Sanford Health Plan. Providers that are contracted with Sanford Health Plan, and participate in the Plan’s Network, will be paid at either the PPO Plan or Basic Plan level.

Members should refer to the Sanford Health Plan website (sanfordhealthplan.com/ndpers) for the Provider Directory, which lists Participating Health Care Providers. The Sanford Health Plan website is continuously updated and has the most up-to-date listing of Health Care Providers. Members may also call Customer Service at (800) 499-3416 (toll-free) or TTY/TDD: 711 (toll-free) to request a provider directory.

### 3.7.4 HOW PPO VS. BASIC PLAN DETERMINES BENEFIT PAYMENT

**PPO Plan**

PPO stands for “Preferred Provider Organization” and is a group of Health Care Providers who provide discounted services to the Members of NDPERS. Because PPO Health Care Providers charge Sanford Health Plan less for medical care services provided to the Members of NDPERS, cost savings are passed on to Members by way of reduced Cost Sharing Amounts.

To receive a higher payment level, Covered Services must be received from an NDPERS PPO Health Care Provider. Please see the NDPERS PPO Health Care Provider Listing at sanfordhealthplan.com/ndpers.

**NOTE:** Benefits for Covered Services received by Eligible Dependents, as outlined in Section 2, *Eligibility Requirements for Dependents*, who are residing out of the state of North Dakota will be paid at the Basic Plan level. If the Subscriber, or the Subscriber’s spouse, is required by court order to provide health coverage for that Eligible Dependent, you may be asked to provide a copy of the court order to the Plan.
**Basic Plan**

If a PPO Health Care Provider is: 1) not available in the Member’s area; or 2) if the Member either chooses or is referred to a Health Care Provider not participating in the Preferred Provider Organization (PPO), the Member will receive the Basic Plan benefits.

**3.7.5 PARTICIPATING HEALTH CARE PROVIDERS**

When Covered Services are received from a Participating Health Care Provider, the Participating Health Care Provider agrees to submit claims to Sanford Health Plan on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider according to the terms of this Benefit Plan and the participation agreement between the Health Care Provider and Sanford Health Plan.

When Covered Services are received from a Participating Health Care Provider (health care providers who are contracted with Sanford Health Plan), a provider discount provision is in effect. This means the Allowance paid by Sanford Health Plan will be considered by the Participating Health Care Provider as payment in full, except for Cost Sharing Amounts, or if applicable, Maximum Benefit Allowances or Lifetime Maximums.

Participating Health Care Providers have also agreed to perform managed benefits requirements on behalf of the Member. If the Health Care Provider is a Participating Health Care Provider, as defined in Section 10, the benefit payment will be as indicated in the Outline of Covered Services and the Member’s Summary of Benefits and Coverage (SBC).

**3.7.6 NON-PARTICIPATING HEALTH CARE PROVIDERS**

If a Member receives Covered Services from a Non-Participating Health Care Provider (health care providers who are not contracted with Sanford Health Plan), the Member will be responsible for notifying Sanford Health Plan of the receipt of services. If Sanford Health Plan needs copies of medical records to process the Member’s claim, the Member is responsible for obtaining such records from the Non-Participating Health Care Provider.

**3.7.7 NON-PARTICIPATING HEALTH CARE PROVIDERS WITHIN THE STATE OF NORTH DAKOTA**

If a Member receives Covered Services from a Non-Participating Health Care Provider within the state of North Dakota, benefit payments will be based on the Allowance and reduced by an additional 20%. The 20% payment reduction does not apply toward the Out-of-Pocket Maximum Amount. The Allowance will not exceed 80% of the billed charge.

**NOTE:** The Member is responsible for the 20% payment reduction and any charges in excess of the Allowance for Covered Services.

Benefit payments will be made directly to the Provider for Covered Services received from a Non-Participating Health Care Provider. Sanford Health Plan may designate a Health Care Provider as Non-Payable.

**3.7.8 NON-PARTICIPATING HEALTH CARE PROVIDERS OUTSIDE THE STATE OF NORTH DAKOTA**
If a Member receives Covered Services from a Non-Participating Health Care Provider outside the state of North Dakota, the Allowance for Covered Services will be an amount within a general range of payments made and judged to be reasonable by Sanford Health Plan.

NOTE: The Member is responsible for any charges in excess of the Allowance for Covered Services.

If a Member receives Covered Services from a Health Care Provider in a county contiguous to North Dakota, the benefit payment will be provided on the same basis as a Health Care Provider located in the state of North Dakota. If the Health Care Provider is a Participating Health Care Provider, the benefit payment will be as indicated in the Outline of Covered Services and SBC. If the Health Care Provider is not a Participating Health Care Provider, benefits will be available at the same level as Non-Participating Health Care Providers within the state of North Dakota. Sanford Health Plan may designate a Health Care Provider as Non-Payable.

3.7.9 NON-PARTICIPATING PROVIDERS OUTSIDE THE SANFORD HEALTH PLAN SERVICE AREA

When Covered Services are provided outside of Sanford Health Plan’s Service Area by health care providers who have not entered into a “participating agreement” with Sanford Health Plan (Non-Participating Health Care Providers), the amount the Member pays for such services will generally be based on either Sanford Health Plan’s Non-Participating Health Care Provider local payment or the pricing arrangements required by applicable state law. In these situations, the Member may be liable for the difference between the amount that the Non-Participating Health Care Provider bills and the payment Sanford Health Plan will make for the Covered Services as set forth in this paragraph.

In certain situations, Sanford Health Plan may use other payment bases, such as the payment Sanford Health Plan would make if the Covered Services had been obtained within the Sanford Health Plan Service Area, or a special negotiated payment, as permitted, to determine the amount Sanford Health Plan will pay for Covered Services provided by Non-Participating Health Care Providers. In these situations, a Member may be liable for the difference between the amount that the Non-Participating Health Care Provider bills and the payment Sanford Health Plan will make for the Covered Services as set forth in this paragraph.

3.7.10 HEALTH CARE PROVIDERS OUTSIDE THE UNITED STATES

The benefits available under this Benefit Plan are also available to Members traveling or living outside of the United States. The same Preauthorization/Prior Approval requirements will apply. If the Health Care Provider is a Participating Provider, the Participating Health Care Provider will submit claims for reimbursement on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider. If the Health Care Provider is not a Participating Provider, the Member will be responsible for payment of services and submitting a claim for reimbursement to Sanford Health Plan. Sanford Health Plan will provide translation and currency conversion services for the Member’s claims outside of the United States.

Sanford Health Plan will reimburse Prescription Medications purchased outside the United States by Members who live outside the United States where no suitable alternative exists. Reimbursement will also be made in instances where Members are traveling and new drug therapy is initiated for acute conditions or where emergency replacement of medications originally prescribed and purchased in the United States is necessary. The reimbursable supply of medications in travel situations will be limited to an amount necessary to assure continuation of therapy during the travel period and for a reasonable period thereafter.
3.7.11 NON-PAYABLE HEALTH CARE PROVIDERS

If Sanford Health Plan designates a Health Care Provider as Non-Payable, no benefits will be available for Covered Services prescribed by, performed by or under the direct supervision of the Non-Payable Health Care Provider. Notice of designation as a Non-Payable Health Care Provider will be provided to Members at least 30 days prior to the effective date of designation as a Non-Payable Health Care Provider.

As of the date of termination, all charges incurred by a Member for services received from the Non-Payable Health Care Provider will be the Subscriber’s responsibility.

3.7.12 MEDICARE PRIVATE CONTRACTS

A Health Care Provider may ask a Member who is eligible for Medicare to enter into a Medicare private contract where the Member and the Health Care Provider agree that the Member is to be provided with services outside of the Medicare program. This Medicare private contract must be entered into between the Member and the Health Care Provider prior to the receipt of any services, and indicate that 1) neither the Member nor the Health Care Provider is permitted to file a request for reimbursement with Medicare for any of the services provided by the Health Care Provider; and 2) the Health Care Provider can charge any amount agreed to by the Member for services instead of the Medicare limiting charge.

Under a Medicare private contract, the Health Care Provider can set any price for services but Medicare will not pay anything. If the Member enters into a Medicare private contract, Medicare will not pay any portion of the services and Sanford Health Plan will limit its payment to the amount Sanford Health Plan would have paid as though Medicare was paying for such Covered Services. If a Member enters into a Medicare private contract, the Member is responsible for paying the difference between the amount billed by the Health Care Provider for Covered Services and the amount paid by Sanford Health Plan.

3.7.13 COST SHARING AMOUNTS- DETAILS

A Cost Sharing Amount is the dollar amount a Member is responsible for paying when Covered Services are received from a Health Care Provider. Cost Sharing Amounts include Coinsurance, Copayment and Deductible Amounts. Applicable Cost Sharing Amounts are identified in Section 2 and the Member’s Summary of Benefits and Coverage. See the schedule above in Overview of Cost Sharing Amounts and how they accumulate for the specific Cost Sharing Amounts that apply to this Benefit Plan.

3.7.14 COINSURANCE

Sanford Health Plan shall calculate Coinsurance Amounts on behalf of Members obtaining Covered Services within the Sanford Health Plan contracted provider network on the lesser of (1) billed charges or (2) provider negotiated payment rates (Allowed Charge).

If Covered Services are obtained by a Member out of the Sanford Health Plan contracted provider network, the coinsurance calculation may be based on the Health Care Provider’s billed charges. This may result in a significantly higher Coinsurance Amount for certain services a Member incurs out of the Sanford Health Plan contracted provider network. It is not possible to provide specific information for each Health Care Provider outside of Sanford Health Plan’s Service Area because of the many different arrangements between Health Care Providers. However, if a Member contacts Sanford Health Plan prior to receiving services from a Health Care Provider outside of Sanford Health Plan’s Service Area, Sanford Health Plan may be able to provide information regarding specific Health Care Providers.
3.7.15 COINSURANCE MAXIMUM AMOUNTS

The total Coinsurance Amount that is a Member’s responsibility during a Benefit Period. The Coinsurance Maximum Amounts renew on January 1 of each consecutive Benefit Period.

3.7.16 DEDUCTIBLES

The Deductible Amounts renew on January 1 of each consecutive Benefit Period. Copayment Amounts do not apply toward the Deductible Amount.

NOTE: The deductible amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, cross accumulate jointly up to the PPO Deductible Amount.

3.7.17 OUT-OF-POCKET MAXIMUM AMOUNTS

When the Out-of-Pocket Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Covered Services, less Copayment Amounts incurred during the remainder of the Benefit Period. The Out-of-Pocket Maximum Amount renews on January 1st of each consecutive Benefit Period. Prescription Medication Cost Sharing Amounts do not apply toward the Out-of-Pocket Maximum Amount.

NOTE: The Out-of-Pocket Maximum Amounts for Covered Services received from a PPO Health Care Provider, or on a Basic Plan basis, cross accumulate jointly up to the PPO Out-of-Pocket Maximum Amount.

NOTE: When the PPO Out-of-Pocket Maximum Amount has been met, all Covered Services received from a PPO Health Care Provider will be paid at 100% of Allowed Charge. Covered Services sought on a Basic Plan basis will continue to be paid at 75% of the Allowed Charge until the Out-of-Pocket Maximum Amount for Basic Plan services is met.

3.7.18 PRESCRIPTION DRUG COINSURANCE MAXIMUM AMOUNTS

When the Prescription Drug Coinsurance Maximum Amount that is a Member’s responsibility during a Benefit Period is met, this Benefit Plan will pay 100% of the Allowed Charge for Formulary Prescription Medications, less Copayment Amounts incurred during the remainder of the Benefit Period. This Prescription Drug Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period.

NOTE: Copayment Amounts do not apply toward this Coinsurance Maximum Amount.

3.7.19 INFERTILITY SERVICES COINSURANCE/DEDUCTIBLE

Neither the Infertility Services Lifetime Deductible Amount nor any Member-paid coinsurance for infertility services applies toward the annual Out-of-Pocket Maximum Amounts. Infertility services are limited per Member to a lifetime benefit maximum of $20,000.

Additionally, non-Emergency care may be deferred until after resolution of the above circumstances.

4.4 SERVICES COVERED BY OTHER PAYORS

The following are excluded from coverage:

• Health Care Services for which other coverage is either (1) required by federal, state or local law to be purchased or provided through other arrangements or (2) has been made available to and was purchased by the Covered Person. Examples include coverage required by Worker’s compensation, no-fault auto insurance, medical payments coverage or similar legislation.

• The Plan is not issued in lieu of nor does it affect any requirements for coverage by Worker’s Compensation. This Plan contains a limitation, which states that health services for injuries or sickness, which are job, employment or work, related for which benefits are paid under any Worker’s Compensation or Occupational Disease Act or Law, are excluded from coverage by the Plan. However, if benefits are paid under the Plan, and it is determined that Member is eligible to receive Worker’s Compensation for the same incident; Sanford Health Plan has the right to recover any amounts paid. • Health Care Services for conditions that under the laws of This State must be provided in a governmental institution.

• Health Care Services covered by any governmental health benefit program such as Medicare, Medicaid, ESRD and TRICARE, unless applicable law requires the Plan to provide primary coverage for the same.

- Services for which a Member is neither legally, nor as customary practice, is required to pay in the absence of a group health plan or other coverage arrangement.
SECTION 5
HOW SERVICES ARE PAID FOR UNDER THE CERTIFICATE OF INSURANCE

5.1 REIMBURSEMENT OF CHARGES BY PARTICIPATING PROVIDERS

- When you see Participating Practitioner and/or Providers, receive services at Participating Practitioner and/or Provider Providers and facilities, or obtain your prescription drugs at Network Pharmacies, you will not have to file claims. You must present your current identification card and pay your Copay.
- When a Member receives Covered Services from a Participating Practitioner and/or Provider, Sanford Health Plan will pay the Participating Practitioner and/or Provider directly, and the Member will not have to submit claims for payment. The Member’s only payment responsibility, in this case, is to pay the Participating Practitioner and/or Provider, at the time of service, any Copay, Deductible, or Coinsurance amount that is required for that service. Participating Practitioner and/or Providers agree to accept either Sanford Health Plan’s payment arrangements or the negotiated contract amounts.

Time Limits. Participating Practitioner and/or Providers must file claims to Sanford Health Plan within one hundred eighty (180) days after the date that the cost was incurred. If the Member fails to show his/her ID card at the time of service, then the Member may be responsible for payment of claim after Practitioner and/or Provider’s timely filing period of one hundred eighty (180) days has expired.

In any event, the claim must be submitted to Sanford Health Plan no later than one hundred eighty (180) days after the date that the cost was incurred, unless the claimant was legally incapacitated.

5.2 REIMBURSEMENT OF CHARGES BY NON-PARTICIPATING PROVIDERS

Sanford Health Plan does not have contractual relationships with Non-Participating Providers and they may not accept the Sanford Health Plan’s payment arrangements. In addition to any Copay, Deductible, or Coinsurance amount that is required for that service, Members are responsible for any difference between the amount charges and Sanford Health Plan’s payment for Covered Services. Non-Participating Providers are reimbursed the Maximum Allowed Amount, which is the lesser of:

- the amount charged for a Covered Service or supply; or
- inside Sanford Health Plan’s service area, negotiated schedules of payment developed by Sanford Health Plan which are accepted by Participating Practitioners and/or Providers, or
- outside of Sanford Health Plan’s service area, using current publicly available data adjusted for geographical differences where applicable:
  - Fees typically reimbursed to providers for same or similar professionals; or
  - Costs for facilities providing the same or similar services, plus a margin factor.

You may need to file a claim when you receive services from Non-Participating Providers. Sometimes these Practitioners and/or Providers submit a claim to us directly. Check with the Practitioner and/or Provider to make sure they are submitting the claim. You are responsible for making sure claim is submitted to Sanford Health Plan within one-hundred-eighty (180) days after the date that the cost was incurred.

If you, or the Non-Participating Provider, does not file the claim within 180 days after the date that the cost was incurred you will be responsible for payment of the claim.
If you need to file the claim, here is the process:

The Member must give Sanford Health Plan written notice of the costs to be reimbursed. Claim forms are available from the Customer Service Department to aid in this process. Bills and receipts should be itemized and show:

- Covered Member’s name and ID number;
- Name and address of the Physician or Facility that provided the service or supply;
- Dates Member received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer – such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

**Time Limits**: Claims must be submitted to Sanford Health Plan within one hundred eighty (180) days after the date that the cost was incurred. If you, or the Non-Participating Provider, file the claim after the one-hundred-eighty (180) timely filing limit has expired, you will be responsible for payment of the claim.

**Submit your claims to**: Sanford Health Plan, ATTN: NDPERS, PO Box 91110, Sioux Falls, SD 57109-1110

### 5.3 PAYMENTS FOR AIR AMBULANCE CHARGES

As a safeguard for Members, the reimbursement rate for Out-of-Network air ambulance services is equal to the average of Sanford Health Plan’s In-Network rates for air ambulance providers licensed by the North Dakota Department of Health.

A claim made by the Member for Out-of-Network air ambulance services provided by an air ambulance provider licensed by the North Dakota Health Department will be paid in accordance with Sanford Health Plan’s above mentioned policy. A payment made in accordance with this policy is the same as an In-Network payment for services.

If you have questions, please call our Customer Service Department.

### 5.4 BALANCE BILLING FROM NON-PARTICIPATING PROVIDERS

Balance billing, sometimes referred to as surprised billing, is the practice of a medical provider charging a patient for the difference between the total cost of services being billed and the amount the insurance pays. When a Member receives Covered Services from an In-Network Participating Practitioner and/or Provider, the Member is protected from balance billing because the provider cannot attempt to collect charges above what Sanford Health Plan reimburses. When Sanford Health Plan does not have a contractual relationship in place and the provider is a Non-Participating Provider, they may not accept Sanford Health Plan’s payment arrangements and members may be balanced billed for services received.

Members may be balance billed in emergency situations even when Sanford Health Plan covers all of the charges at an In-Network Level if the provider is a Non-Participating Provider who will not accept our payment as full and final. In such circumstances, the Non-Participating Provider must satisfy the Notice and Consent Process and Requirements before sending surprise bills. Out-of-Network facilities and providers are prohibited from sending surprise bills for out-of-network cost sharing without signed consent from the Member. Please check the Sanford Health Plan provider directory before receiving services to make sure you are seeing an In-Network Participating Practitioner and/or Provider.
If you think you’ve been wrongly billed, contact the No Surprises Help Desk (NSHD) at 1-800-985-3059 or visit https://www.cms.gov/nosurprises/consumers for more information about your rights under federal law. For Minnesota residents, you may also contact the Minnesota Department of Commerce at (651) 539-1600 or 1-800-657-3602 for more information about your rights under Minnesota law.

5.5 HEALTH CARE SERVICES RECEIVED OUTSIDE OF THE UNITED STATES

Covered services for Medically Necessary emergency and urgent care services received in a foreign country are covered at the In-Network level. There is no coverage for elective Health Care Services if a Member travels to another country for the purpose of seeking medical treatment outside the United States.

5.6 TIMEFRAME FOR PAYMENT OF CLAIMS

- The payment for reimbursement of the Member’s costs will be made within fifteen (15) days of when Sanford Health Plan receives a complete written claim with all required supporting information.
- When a Member receives Covered Services from a Non-Participating Provider and payment is to be made according to our guidelines, Sanford Health Plan will arrange for direct payment to either the Non-Participating Provider or the Member. If the Provider refuses direct payment, the Member will be reimbursed for the Maximum Allowed Amount of the services in accordance with the terms of This Contract. The Member will be responsible for any expenses that exceed Maximum Allowed Amount, as well as any Copay, Deductible, or Coinsurance required for the Covered Service.

5.7 WHEN WE NEED ADDITIONAL INFORMATION

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond

5.8 MEMBER BILL AUDIT PROGRAM

Upon receiving notice of a claims payment, or Explanation of Benefits (EOB), from Sanford Health Plan, Members are encouraged to audit their medical bills and notify the Plan of any services which are improperly billed or of services that the Member did not receive.

If, upon audit of a bill, an error of $40 or more is found, the Member will receive a minimum payment of $20 or 50% of the resulting savings for paid Covered Services up to a maximum payment of $500.

To obtain payment through the Member Bill Audit Program, the Member must complete a Member Bill Audit Refund Request Form. NOTE: This program does not apply when the NDPERS Benefit Plan is the secondary payor on a claim. For more information on claims with more than one payor, see Section 6, Coordination of Benefits.
SECTION 6
COORDINATION OF BENEFITS

NOTE: Sanford Health Plan follows North Dakota Administrative Code §45-08-01.2-03 regarding Coordination of Benefits (COB). The COB provision applies when a person has health care coverage under more than one “plan” as defined for COB purposes.

If a Member is covered by another health plan, insurance, or other coverage arrangement, the plans and/or insurance companies will share or allocate the costs of the Member’s health care by a process called “Coordination of Benefits” so that the same care is not paid for twice.

The Member has two obligations concerning Coordination of Benefits (“COB”):

• The Member must tell Sanford Health Plan about any other plans or insurance that cover health care for the Member, and
• The Member must cooperate with Sanford Health Plan by providing any information requested by Sanford Health Plan.

The rest of the provisions under this section explain how COB works.

6.1 APPLICABILITY
This Coordination of Benefits (COB) provision applies to Sanford Health Plan when a Member has health care coverage under more than one Plan. “Plan” and “this Plan” are defined below.

If this COB provision applies, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of this Plan are determined before or after those of another plan.

The benefits of this Plan:

• shall not be reduced when, under the order of benefit determination rules, this Plan determines its benefits before another plan; but
• may be reduced when, under the order of benefits determination rules, another plan determines its benefits first. The above reduction is described in the section below entitled: “Effect of COB on the Benefits of this Plan.”

6.2 DEFINITIONS (FOR COB PURPOSES ONLY)
“Plan” is any of the following which provides benefits or services for, or because of, medical or dental care or treatment:

a) Group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of Group-type coverage, whether insured or uninsured. This includes prepayment, group practice or individual practice coverage. It also includes medical care components of long-term care contracts, such as skilled nursing care; medical benefits coverage in Group, Group-type, and individual automobile “no-fault” and traditional automobile “fault” type contracts; and Medicare or any other federal governmental plan, as permitted by law.

b) “Plan” may include coverage under a governmental plan, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act (42 U.S.C.A. 301, et seq.), as amended from time to time). Plan does not include: Hospital indemnity coverage or other fixed indemnity coverage; accident-only coverage; specified
disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident-type coverage; benefits for nonmedical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract or other arrangement for coverage under (a) or (b) is a separate plan. Also, if an arrangement has two (2) parts and COB rules apply only to one of the two, each of the parts is a separate plan.

“This Plan” refers to this certificate, which provides benefits for health care expenses and means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

“Primary Plan/Secondary Plan”: The order of benefit determination rules state whether this Plan is a Primary Plan or Secondary Plan as to another plan covering the Member and covered Dependents.

a) When this Plan is a Primary Plan, its benefits are determined before those of the other plan and without considering the other plan’s benefits.
b) When this Plan is a Secondary Plan, its benefits are determined after those of the other plan and may be reduced because of the other plan’s benefits.
c) When there are more than two (2) plans covering the Member, this Plan may be a Primary Plan as to one or more other plans, and may be a Secondary Plan as to a different plan or plans.

“Allowable Expense” means a necessary, reasonable and customary health care service or expense including Deductibles, Coinsurance, or Copays, that is covered in full or in part by one or more plans covering the person for whom the claim is made. If a plan provides benefits in the form of services, the reasonable cash value of each service is considered an allowable expense and a benefit paid. An expense or service or a portion of an expense or service that is not covered by any of the plans is not an allowable expense. Expenses that are not allowable include the following:

a) The difference between the cost of a private Hospital room and the cost of a semi-private Hospital room (unless the Member’s stay in a private Hospital room is Medically Necessary either in terms of generally accepted medical practice, or as specifically defined by the Plan) is not an allowable expense;
b) If a person is covered by two or more plans (excluding Medicare, see “Coordination of Benefits with Medicare” Section below) that compute the benefit payments on the basis of reasonable costs, any amount in excess of the highest of the reasonable costs for a specified benefit is not an allowable expense;
c) If a person is covered by two or more plans (excluding Medicare, see “Coordination of Benefits with Medicare” Section below) that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees is not an allowable expense;
d) If a person is covered by one plan that calculates its benefits or services on the basis of reasonable costs and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan’s payment arrangement shall be allowable expense for all plans; or
e) When benefits are reduced under a Primary Plan because a Member does not comply with The Plan provisions, the amount of such reduction will not be considered an allowable expense. Examples of such provisions are those related to second surgical opinions, Certification of admissions or because the person has a lower benefit because the person did not use a preferred Practitioner and/or Provider.
“Claim” means a request that benefits of a plan be provided or paid in the form of services (including supplies), payment for all or portion of the expenses incurred, or an indemnification.

“Claim Determination Period” means a Calendar Year over which allowable expenses are compared with total benefits payable in the absence of COB to determine if over-insurance exists. However, it does not include any part of a year during which a person has no coverage under this Plan, or any part of a year before the date this COB provision or similar provision takes effect.

“Closed Panel Plan” is a plan that provides health benefits to Members primarily in the form of services through a panel of Practitioner and/or Providers that have contracted with or are employed by The Plan, and that limits or excludes benefits for services provided by other Practitioner and/or Providers, except in cases of emergency or Plan authorized referral by an In-Network Participating Practitioner and/or Provider.

“Custodial Parent” means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the Calendar Year without regard to any temporary visitation.

6.3 ORDER OF BENEFIT DETERMINATION RULES

General. When two or more plans pay benefits, the rules for determining the order of payment is as follows:

a) The primary plan pays or provides benefits as if the secondary plan or plans did not exist.
b) If the primary plan is a closed panel plan and the secondary plan is not a closed panel plan, the secondary plan shall pay or provide benefits as if it were the primary plan when a covered person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the primary plan;
c) If multiple contracts providing coordinated coverage are treated as a single plan under North Dakota State law, inclusive, this section applies only to the plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one carrier pays or provides benefits under the plan, the carrier designated as primary within the plan shall be responsible for the plan’s compliance with this law;
d) If a person is covered by more than one secondary plan, this order of benefit determination provisions decide the order in which secondary plans benefits are determined in relation to each other. Each secondary plan shall take into consideration the benefits of any primary plan and the benefits of any other plan, which has its benefits determined before those of that secondary plan;
e) Except as provided in subdivision (b) of this section, a plan that does not contain order of benefit determination provisions that are consistent with North Dakota State law, inclusive, is always the primary plan unless the provisions of both plans, regardless of the provisions of this section, state that the complying plan is primary;
f) Coverage that is obtained by virtue of membership in a group and designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

Rules. This Plan determines its order of benefits using the first of the following rules which applies:

Non-Dependent/Dependent. The plan which covers the person as a Group Member, Member, or Subscriber (that is, other than as a Dependent) are determined before those of the plan which covers the person as a Dependent. However, if the person is also a Medicare beneficiary, Medicare is:

• secondary to the Plan covering the person as a Dependent; and
• primary to the Plan covering the person as other than a Dependent, for example a retired Group Member; then the order of benefits between the two plans is reversed so that the plan covering the person as a Group Member, Member, or Subscriber is secondary and the other plan is primary.

Child Covered Under More Than One Plan. The order of benefits when a child is covered by more than one plan is:

• The primary plan is the plan of the parent whose birthday is earlier in the year if:
  • The parents are married;
  • The parents are not separated (whether or not they even have been married); or
  • A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.

If both parents have the same birthday, the plan that covered either of the parents longer is primary.

If the specific terms of a court decree state that one of the parents is responsible for the child’s health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods or plan years commencing after The Plan is given notice of the court decree.

If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:

• The plan of the custodial parent;
• The plan of the Spouse of the custodial parent;
• The plan of the noncustodial parent; and then
• The plan of the Spouse of the noncustodial parent.

Active/Inactive Group Member. The benefit of a plan, which covers a person as a Group Member who is neither laid off nor retired (or as that Group Member’s Dependent), is primary. If the other plan does not have this rule, and if as a result the Plans do not agree on the order of benefits, this rule is ignored. Coverage provided to an individual as a retired worker and as a Dependent of an actively working Spouse will be determined under Rule “Child Covered Under More Than One Plan” above.

Continuation Coverage. If a person whose coverage is provided under a right of continuation pursuant to a federal or state law also is covered under another plan, the following shall be the order of benefit determination:

• primary, the benefits of a plan covering the person as a Group Member, Member or Subscriber (or as that person’s Dependent);
• secondary, the benefits under the continuation coverage. If none of the above rules determines the order of benefits, the benefits of the plan that covered a Group Member, Member or Subscriber longer is primary.

If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this regulation. In addition, this plan will not pay more than it would have paid had it been primary.

6.4 EFFECT OF COB ON THE BENEFITS OF THIS PLAN

When This Section Applies. This section applies when, in accordance with the “Order of Benefit Determination Rules,” section above, this Plan is a Secondary Plan as to one or more other plans. In that event, the benefits of this Plan may be reduced under this section. Such other plan or plans are referred to as “the other plans” in paragraph “b(ii)” immediately below.
**Reduction in this Plan’s Benefits.** The benefits of this Plan will be reduced when the sum of:

- the benefits that would be payable for the Allowable Expense under this Plan in the absence of this COB provision; and
- the benefits that would be payable for the Allowable Expenses under the other plans, in the absence of provisions with a purpose like that of this COB provision, whether or not claim is made, exceeds those Allowable Expenses in a Claim Determination Period. In that case, the benefits of this Plan will be reduced so that they and the benefits payable under the other plans do not total more than 100% of those Allowable Expenses.

If a Member is enrolled in two or more closed panel plans and if, for any reason, including the provision of services by a Non-Participating Provider, benefits are not payable by one closed panel plan, COB shall not apply between this plan and any other closed panel plans.

When the benefits of this Plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Plan.

**Plan’s Right to Receive and Release Needed Information.** Certain facts are needed to apply these COB rules. The Plan has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. The Plan need not tell, or get the consent of any person to do this. Each person claiming benefits under this Plan must give the Plan any facts it needs to pay the claim.

**Facility of Payment.** A payment made under another plan may include an amount that should have been paid under this Plan. If it does, the Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it was a benefit paid under this Plan. The Plan will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means reasonable cash value of the benefits provided in the form of services.

**Right of Recovery.** If the amount of the payments made by the Plan is more than it should have paid under this COB provision, it may recover the excess from one or more of:

- the persons it has paid or for whom it has paid;
- insurance companies; or
- other organizations.

The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

**6.5 CALCULATION OF BENEFITS, SECONDARY PLAN**

If Sanford Health Plan is secondary, it shall reduce its benefits so that the total benefits paid or provided by all plans for any claim or claims are not more than one hundred percent of total allowable expenses. In determining the amount of a claim to be paid by Sanford Health Plan, should The Plan wish to coordinate benefits, it shall calculate the benefits it would have paid in the absence of other insurance and apply that calculated amount to any allowable expense under The Plan that is unpaid by the primary plan. Sanford Health Plan may reduce its payment by any amount that, when combined with the amount paid by the primary plan, exceeds the total allowable expense for that claim.
6.6 COORDINATION OF BENEFITS WITH GOVERNMENT PLANS AND BENEFITS

After Sanford Health Plan, Medicare (if applicable), and/or any Medicare Supplementary Insurance (Medigap) have paid claims, then Medicaid and/or TRICARE pay last. Sanford Health Plan will pay primary to TRICARE and a State Child Health Insurance Plan (SCHIP) to the extent required by federal law.

IMPORTANT NOTICE TO PERSONS ON MEDICARE:
THIS INSURANCE DUPLICATES SOME MEDICARE BENEFITS

This is **NOT** a Medicare Supplement Insurance.

This insurance provides limited benefits if you meet the conditions listed in the policy. It does not pay your Medicare deductibles or coinsurance and is not a substitute for Medicare Supplement insurance. This insurance duplicates Medicare benefits when it pays:

- the benefits stated in the policy and coverage for the same event is provided by Medicare

**Medicare generally pays for most or all of these expenses.**

**Medicare pays extensive benefits for medically necessary services regardless of the reason you need them.**

**These include:**

- hospitalization
- physician services
- hospice
- [outpatient prescription drugs if you are enrolled in Medicare Part D]
- other approved items and services

6.7 COORDINATION OF BENEFITS WITH MEDICARE

The federal “Medicare Secondary Payer” (MSP) rules require that, for persons covered under both Medicare and a group health plan, Medicare must be the secondary payer in certain situations. This means that the group health plan must not take Medicare entitlement into account when:

- determining whether these individuals are eligible to participate in the Plan; or
- providing benefits under the Plan.

Medicare will pay primary, secondary, or last to the extent stated in federal law. When Medicare is to be the primary payer, Sanford Health Plan will base its payment upon benefits that would have been paid by Medicare under Parts A and B regardless of whether the person was enrolled under any of these parts. Sanford Health Plan reserves the right to coordinate benefits with respect to Medicare Part D. Sanford Health Plan will make this determination based on the information available through CMS.

**When MSP Rules Apply to COB**

Medicare Coordination of Benefits provisions apply when a Member has health coverage under this Certificate of Insurance and is eligible for insurance under Medicare, Parts A and B, (whether or not the Member has applied or is enrolled in Medicare). This provision applies before any other Coordination of Benefits Provision of this Certificate of Insurance.
Coordination with Medicare Part D

This Certificate of Insurance shall coordinate information relating to prescription drug coverage, the payment of premiums for the coverage, and the payment for supplemental prescription drug benefits for Part D eligible individuals enrolled in a Medicare Part D plan or any other prescription drug coverage.

The following provisions apply to Sanford Health Plan’s COB with Medicare:

When Medicare is the primary payer for a Member’s claims:

• If you’re 65, or older, and have group health plan coverage based on your or your spouse’s current employment
• If you have retiree insurance (insurance from former employment)

NOTE: The hospital or doctor will first file claims with Medicare. Once Medicare processes the claim, an Explanation Of Medicare Benefits (EOMB) form will be mailed to the Member explaining what charges were covered by Medicare. Then the health care professional will generally file the claim with us. If a professional does not do so, the Member may file the claim by sending a copy of the EOMB, together with his or her member identification number, to the address shown on his or her member ID card.

When Medicare is primary despite the MSP rules:

• A Medicare-entitled person refuses coverage under the Plan;*
• Medical services or supplies are covered by Medicare but are excluded under the group health plan;
• A Medicare-entitled person has exhausted his or her benefits under the group health plan;
• A person entitled to Medicare for any reason other than ESRD, experiences a COBRA qualifying event, and elects COBRA continuation;
• A person who was on COBRA becomes entitled to Medicare for a reason other than ESRD, and his or her COBRA coverage ends.

* NOTE: Despite the MSP rules, the law does not force an Eligible Employee to accept coverage under this Plan. If an Eligible Employee, who is entitled to Medicare, refuses coverage under this Plan, Medicare will be the primary payer. In this situation, the Plan does not (and is not allowed to) provide coverage for any benefits to supplement the individual’s Medicare benefits.

When this Certificate of Insurance is the primary payer for a Member’s claims:

• If you’re under 65 and disabled, and have coverage based on your or a family member’s current employment
• When coverage is provided through the Consolidated Omnibus Budget Reconciliation Act (COBRA)
• The Member (actively-working Employee) is enrolled in Medicare because they are age 65 or older.
• A Covered Spouse, who is enrolled in Medicare because they are age 65 or older, regardless of the age of the Member/Employee.

NOTE: The Member’s claim is filed with us by Practitioner or Provider. After the claim is processed, we send the Member an Explanation of Benefits (EOB) outlining the charges that were covered. We also notify the Practitioner or Provider of the covered charges. If there are remaining charges covered by Medicare, the Practitioner or Provider may file a claim with Medicare. If the Practitioner or Provider will not do so, the Member can file the claim with Medicare. Members may contact their local Social Security office to find out where and how to file claims with the appropriate “Medicare intermediary” (a private insurance company that processes Medicare claims).
If a Practitioner and/or Provider has accepted assignment of Medicare, Sanford Health Plan determines allowable expenses based upon the amount allowed by Medicare. Sanford Health Plan’s allowable expense is the Medicare allowable amount. Sanford Health Plan pays the difference between what Medicare pays and Sanford Health Plan’s allowable expense.

6.8 MEMBERS WITH END STAGE RENAL DISEASE (ESRD)

End-Stage Renal Disease (ESRD) is a medical condition in which a person’s kidneys cease functioning on a permanent basis leading to the need for a regular course of long-term dialysis or a kidney transplant to maintain life. Beneficiaries may become entitled to Medicare based on ESRD. Benefits covered by Medicare, because of ESRD, are for all Covered Services, not only those related to the kidney failure condition.

Sanford Health Plan does not differentiate in the benefits it provides to individuals who have ESRD, e.g. terminating coverage, imposing benefit limitations, or charging higher premiums.

How Primary vs. Secondary is Determined:

When coverage under this Certificate of Insurance is the primary payer for a Member’s claims under ESRD:

- Sanford Health Plan will pay first for the first 30 months after you become eligible to join Medicare.
- During the Medicare coordination period of thirty (30) months, which begins with the earlier of:
  - The month in which a regular course of renal dialysis is initiated; or
  - In the case of an individual who receives a kidney transplant, the first month in which the individual became entitled to Medicare.
  - The Medicare COB period applies regardless of whether coverage is based on current employment status.

After the 30-month period, if a Member does not enroll in, or is no longer eligible for, Medicare.

When coverage is provided through the Consolidated Omnibus Budget Reconciliation Act (COBRA), or a retirement plan.

When Medicare is the primary payer for a Member’s claims under ESRD:

- If the Member is eligible and enrolled in Medicare, Medicare will pay first after the coordination period for ESRD (30-months) has ended period.

6.9 COORDINATION OF BENEFITS WITH MEDICAID

- A Covered Individual’s eligibility for any State Medicaid benefits will not be taken into account in determining or making any payments for benefits to or on behalf of such Covered Individual. Any such benefit payments will be subject to the applicable State’s right to reimbursement for benefits it has paid on behalf of the Covered Individual, as required by such state’s Medicaid program; and Sanford Health Plan will honor any subrogation rights the State may have with respect to benefits that are payable under this Certificate of Insurance.
- When an individual covered by Medicaid also has coverage under this Certificate of Insurance, Medicaid is the payer of last resort. If also covered under Medicare, Sanford Health Plan pays primary, then Medicare, and Medicaid is tertiary.

See provisions below on Coordination of Benefits with TRICARE, if a Member is covered by both Medicaid and TRICARE.
6.10 COORDINATION OF BENEFITS WITH TRICARE

Generally, TRICARE is the secondary payer if the TRICARE beneficiary is enrolled in, or covered by, any other health plan to the extent that the service provided is also covered under the other plan.

- Sanford Health Plan pays first if an individual is covered by both TRICARE and Sanford Health Plan, as either the Member or Member’s Dependent; and a particular treatment or procedure is covered under both benefit plans.
- TRICARE will pay last; TRICARE benefits may not be extended until all other double coverage plans have adjudicated the claim.
- When a TRICARE beneficiary is covered under Sanford Health Plan, and also entitled to either Medicare or Medicaid, Sanford Health Plan will be the primary payer, Medicare/Medicaid will be secondary, and TRICARE will be tertiary (last).
- TRICARE-eligible employees and beneficiaries receive primary coverage under this Certificate of Insurance in the same manner, and to the same extent, as similarly situated employees of the Plan Sponsor (Employer) who are not TRICARE eligible.

The Plan does not:

- Provide financial or other incentives for a TRICARE-eligible employee not to enroll (or to terminate enrollment) under the Plan, which would (in the case of such enrollment) be a primary plan (the incentive prohibition); and
- Deprive a TRICARE-eligible employee of the opportunity to elect to participate in this health benefit plan.
Sanford Health Plan will provide Health Care Services to the Member for the illness or injury, just as it would in any other case. However, if the Member accepts the services from Sanford Health Plan, this acceptance constitutes the Member’s consent to the provisions discussed below.

**Subrogation Defined**

If a Member is injured or becomes ill because of an action or omission of a third party who is or may be liable to the Member for the injury or illness, Sanford Health Plan may be able to “step into the shoes” of the Member to recover health care costs from the party responsible for the injury or illness. This is called “Subrogation.”

**Reimbursement Defined**

Sanford Health Plan has a right to reduce benefits, or to be reimbursed for that which it has provided to the Member. This is called “Reimbursement.”

**Covered Individuals**

Each and every Covered Individual hereby authorizes Sanford Health Plan to give or obtain any medical or other personal information reasonably necessary to apply the provisions of Sections 6 and 7.

A Covered Individual will give this Plan the information it asks for about other plans and their payment of Allowable Charges. This Plan may give or obtain needed information from another insurer or any other organization or person.

**7.1 Sanford Health Plan’s Rights of Subrogation**

In the event of any payments for benefits provided to a Member under this Plan, Sanford Health Plan, to the extent of such payment, shall be subrogated to all rights of recovery such Member, Member’s parents, heirs, guardians, executors, or other representatives may have against any person or organization. These subrogation and reimbursement rights also include the right to recover from uninsured motorist insurance, underinsured motorist insurance, no-fault insurance, automobile medical payments coverage, premises medical expense coverage, and Workers’ Compensation insurance or substitute coverage.

Sanford Health Plan shall be entitled to receive from any such recovery an amount up to the Maximum Allowed Amount for the services provided by Sanford Health Plan. In providing benefits to a Member, Sanford Health Plan may obtain discounts from its health care Providers, compensate Providers on a capitated basis or enter into other arrangements under which it pays to another less than the reasonable costs of the benefits provided to the Member. Regardless of any such arrangement, when a Member receives a benefit under this Certificate of Insurance for an illness or injury, Sanford Health Plan is subrogated to the Member’s right to recover the reasonable costs of the benefits it provides on account of such illness or injury, even if those reasonable costs exceed the amount paid by Sanford Health Plan.

Sanford Health Plan is granted a first priority right to subrogation or reimbursement from any source of recovery. Sanford Health Plan’s first priority right applies whether or not the Member has been made whole by any recovery. Sanford Health Plan shall have a lien on all funds received by the Member, Member’s parents, heirs, guardians, executors, or other representatives up to the Reasonable Costs Charge for any past, present, or future...
Health Care Services provided to the Member. Sanford Health Plan may give notice of that lien to any party who may have contributed to the loss.

If Sanford Health Plan so decides, it may be subrogated to the Member’s rights to the extent of the benefits provided or to be provided under this Plan. This includes Sanford Health Plan’s right to bring suit against the third party in the Member’s name.

7.2 SANFORD HEALTH PLAN’S RIGHT TO REDUCTION AND REIMBURSEMENT
Sanford Health Plan shall have the right to reduce or deny benefits otherwise payable by Sanford Health Plan, or to recover benefits previously paid by Sanford Health Plan, to the extent of any and all payments made to or for a Member by or on behalf of a third party who is or may be liable to the Member, regardless of whether such payments are designated as payment for, but not limited to, pain and suffering, loss of income, medical benefits or expenses, or other specified damages.

To the extent that federal or state statutes or courts, eliminate or restrict any such right of reduction or reimbursement provided to Sanford Health Plan under this Policy; such rights shall thus either be limited or no longer apply, or be limited by the extent of federal and state actions.

Sanford Health Plan shall have a lien on all funds received by the Member, Member’s parents, heirs, guardians, executors, or other representatives up to the Maximum Allowed Amount for the Health Care Services provided to the Member.

7.3 ERRONEOUS PAYMENTS
To the extent payments made by Sanford Health Plan with respect to a Covered Individual are in excess of the Maximum Amount of payment necessary under the terms of this Certificate of Insurance, Sanford Health Plan shall have the right to recover such payments, to the extent of such excess, from any one or more of the following sources, as this Plan shall determine any person to or with respect to whom such payments were made, or such person’s legal representative, any insurance companies, or any other individuals or organizations which Sanford Health Plan determines are either responsible for payment or received payment in error, and any future benefits payable to the Covered Individual.

7.4 MEMBER’S RESPONSIBILITIES
The Member, Member’s parents, heirs, guardians, executors, or other representatives must take such action, furnish such information and assistance, and execute such instruments as Sanford Health Plan requires to facilitate enforcement of its rights under this Certificate of Insurance. The Member shall take no action prejudicing the rights and interests of Sanford Health Plan under this provision.

Neither a Member nor Member’s attorney or other representative is authorized to accept subrogation or reimbursement payments on behalf of Sanford Health Plan, to negotiate or compromise Sanford Health Plan’s subrogation or reimbursement claim, or to release any right of recovery or reimbursement without Sanford Health Plan’s express written consent.

Any Member who fails to cooperate in Sanford Health Plan’s administration of this Part shall be responsible for the reasonable cost for services subject to this section and any legal costs incurred by Sanford Health Plan to enforce its rights under this section. Sanford Health Plan shall have no obligation whatsoever to pay medical benefits to a Covered Individual if a Covered Individual refuses to cooperate with Sanford Health Plan’s Subrogation and Refund rights or refuses to execute and deliver such papers as Sanford Health Plan may require in furtherance of its Subrogation and Refund rights. Further, in the event the Covered Individual is a minor, Sanford Health Plan shall have no obligation to pay any medical benefits incurred on account of injury or illness.
caused by a third-party until after the Covered Individual or his or her authorized legal representative obtains valid court recognition and approval of Sanford Health Plan’s 100%, first-dollar Subrogation and refund rights on all recoveries, as well as approval for the execution of any papers necessary for the enforcement thereof, as described herein.

Members must also report any recoveries from insurance companies or other persons or organizations arising form or relating to an act or omission that caused or contributed to an injury or illness to the Member paid for by Sanford Health Plan. Failure to comply will entitle Sanford Health Plan to withhold benefits, services, payments, or credits due under Sanford Health Plan.

7.5 SEPARATION OF FUNDS
Benefits paid by Sanford Health Plan, funds recovered by the Covered Individual(s), and funds held in trust over which Sanford Health Plan has an equitable lien exist separately from the property and estate of the Covered Individual(s), such that the death of the Covered Individual(s), or filing of bankruptcy by the Covered Individual(s), will not affect Sanford Health Plan’s equitable lien, the funds over which Sanford Health Plan has a lien, or Sanford Health Plan’s right to subrogation and reimbursement.

7.6 PAYMENT IN ERROR
If for any reason we make payment under this Policy in error, we may recover the amount we paid.
SECTION 8
HOW COVERAGE ENDS

8.1 TERMINATION BY THE SUBSCRIBER
Upon a qualifying event, you may be allowed to terminate coverage for you and/or any Dependent(s) at any time. Sanford Health Plan must receive a written request from the Group to end coverage. The Subscriber will be responsible for any Service Charges through the date of termination or the end of the calendar month in which termination occurs, whichever is later.

8.2 TERMINATION, NONRENEWAL, OR MODIFICATION OF MEMBER COVERAGE
A Member or Dependent’s coverage will automatically terminate at the earliest of the following events below. Such action by Sanford Health Plan is called “Termination” of the Member.

- **Failure to Pay Service Charge Payments.** Failure to make any required Service Charge payments when due. A grace period of thirty-one (31) days, following the due date will be allowed for the payment of any Service Charge after the first fee is paid. During this time, coverage will remain in force. If the Service Charge is not paid on or before the end of the grace period, coverage will terminate at the end of the grace period.
- **Termination of Employment.** The last day of the month in which the Member’s active employment with the Group is terminated is the date benefits will cease for the Member(s).
- **Termination of this Contract.** In the event this Contract terminates, the last day of the month for which Service Charge Payments were made is the date benefits will cease for the Member(s).
- **Loss of Eligibility.** The last day of the month in which the Member is no longer an Eligible Group Member is the date benefits will cease for the Member(s).
- **Movement Outside the Service Area.** The last day of the month in which the Member no longer resides in the Service Area is the date benefits will cease for the Member(s).
- **Death.** The date the Member dies is the date benefits will cease for the Member(s).
- **Fraudulent Information.** An act, practice, or omission that constitutes fraud or intentional misrepresentations of material fact, may be used to rescind this application or Certificate of Insurance, terminate coverage and deny claims. The date identified on the notice of termination is the date benefits will cease for the Member(s).
- **Use of ID Card by Another.** The use of a Member’s ID Card by someone other than the Member is considered fraud. The date a Member allows another individual to use his or her ID card to obtain services is the date benefits will cease for the Member(s).
- **Product Discontinuance.** Sanford Health Plan discontinues a particular product provided that Sanford Health Plan provides the Group and all Group Members with written notice at least 90 days before the date the product will be discontinued, Sanford Health Plan offers the Group and all Group Members the option to purchase any other coverage currently being offered by Sanford Health Plan to group health plans, and Sanford Health Plan acts uniformly without regard to claims experience of the Group or any health status-related factor relating to particular Group Members covered or who may be eligible for coverage. The date identified in the notice of discontinuance is the date benefits will cease for the Member(s)
• **Discontinuance of All Coverage in Group Market or All Markets.** Sanford Health Plan discontinues offering all coverage in the group market or in all markets in Minnesota provided that Sanford Health Plan provides the Group and all Group Members and the Minnesota Department of Insurance with written notice of the discontinuance at least 180 calendar days prior to the date the coverage will be discontinued and all coverage issued or delivered by Sanford Health Plan in the group market in Minnesota are discontinued and not renewed. The date identified in the notice of discontinuance is the date benefits will cease for the Member(s).

• **Any other reason permitted by State or federal law.**

**Notification**

Sanford Health Plan must notify all covered persons of the termination at least 30 days before the effective termination date for the termination to be effective.

**Uniform Modification of Coverage**

Sanford Health Plan may, at the time of renewal and with 60 days prior written notice, modify the Contract if the modification is consistent with State law and is effective uniformly for all persons who have coverage under this type of contract.

**8.3 MEMBER APPEAL OF TERMINATION**

A Member may Appeal Sanford Health Plan’s decision to terminate, cancel, or refuse to renew the Member’s coverage. The Appeal will be considered a Member Grievance and the Sanford Health Plan’s Policy on Member Grievances and Appeals will govern the process.

Pending the Appeal decision, coverage will terminate on the date that was set by Sanford Health Plan. However, the Member may continue coverage, if entitled to do so, by complying with the “Continuation of Coverage” provisions in Section 9. If the Appeal is decided in favor of the Member, coverage will be reinstated, retroactive to the effective date of termination, as if there had been no lapse in coverage.

**NOTE:** A Member may not be terminated due to the status of the Member’s health or because the Member has exercised his or her rights to file a complaint or appeal.

**8.4 TERMINATION OF MEMBER COVERAGE**

For the purposes of this Benefit Plan, upon termination of Member Coverage, the following provisions control:

1. **Determining Ineligibility.** Eligibility for benefits subsequent to retirement or termination will be determined pursuant to N.D.C.C. §54-52.1-03.

2. **Continuation of health, dental, vision, or prescription drug coverage after termination.** An employee who terminates employment and is not receiving a monthly retirement benefit from one of the eligible retirement systems, and applies for continued coverage with the health, dental, vision, or prescription drug plan may continue such coverage for a maximum of eighteen (18) months by remitting timely payments to the Board. The employee desiring coverage shall notify the Board within sixty (60) days of the termination. Coverage will become effective on the first day of the month following the last day of coverage by the employing agency, if an application is submitted within sixty (60) days. An individual who fails to timely notify the board is not eligible for coverage. [N.D.A.C. §71-03-03-06]

3. **Continuation of health, dental, vision, or prescription drug coverage for dependents.** Dependents of employees with family coverage may continue coverage with the group after their eligibility would ordinarily
cease. This provision includes divorced or widowed spouses and children when they are no longer dependent on the employee. Coverage is contingent on the prompt payment of the premium, and in no case will coverage continue for more than thirty-six (36) months. Dependents desiring coverage shall notify the board within sixty (60) days of the qualifying event and must submit an application in a timely manner. An individual who fails to notify the Board within the sixty (60) days, and who desires subsequent coverage, will not be eligible for coverage. [N.D.A.C. §71-03-03-07]

4. **Leave without pay.** An employee on an approved leave without pay may elect to continue coverage for the periods specified in the plans for life insurance, health, dental, vision, or prescription drug coverages by paying the full premium to the agency. An eligible employee electing not to continue coverage during a leave of absence is entitled to renew coverage for the first of the month following the month that the employee has returned to work if the employee submits an application for coverage within the first thirty-one (31) days of returning to work. An eligible employee failing to submit an application for coverage within the first thirty-one (31) days of returning to work or eligibility for a special enrollment period, may enroll during the annual open enrollment. Upon a showing of good cause, the executive director may waive the thirty-one day application requirement. [N.D.A.C. §71-03-03-09]

   a. In the event an enrolled eligible employee is not entitled to receive salary, wages, or other compensation for a particular calendar month, that employee may make direct payment of the required premium to the board to continue the employee’s coverage, and the employing department, board, or agency shall provide for the giving of a timely notice to the employee of that person’s right to make such payment at the time the right arises. [N.D.C.C. §54-52.1-06]

**NOTE:** A Member’s coverage may not be terminated due to the status of the Member’s health, or because the Member has exercised his or her rights, under the Plan’s policy on member complaints, or the policy on appeal procedures for medical review determinations.

**8.5 CONTINUATION**

1. If the Subscriber becomes ineligible for group membership under this Benefit Plan due to an inability to meet NDPERS requirements and enrollment regulations, coverage will be canceled at the end of the last month that premium was received from the Plan Administrator. Exceptions may be made if:
   a. The Plan Administrator cancels coverage. Conversion coverage will not be offered to a Subscriber, if on the date of conversion, the Plan Administrator through which the Subscriber is eligible has terminated coverage with Sanford Health Plan, and the Plan Administrator has enrolled with another insurance carrier.
   b. The Plan Administrator no longer meets Sanford Health Plan’s group coverage requirements. The Subscriber will be given the right to convert to a nongroup benefit plan, subject to premiums and benefit plan provisions in effect, if application for such coverage is made within 31 days after the termination date of the previous benefit plan.
   c. Ineligibility occurs because the Subscriber elects to discontinue employment, is terminated or is otherwise no longer covered under the group health plan. The Subscriber may elect continuation coverage through the Plan Administrator in accordance with state and federal law.
   d. Ineligibility occurs because the Subscriber is no longer eligible to continue coverage under the group (NDPERS). The Subscriber may elect conversion (individual) coverage on a nongroup basis, subject to premiums and benefit plan provisions for nongroup coverage then in effect, if the Subscriber applies for nongroup coverage within 31 days after the termination date of the previous group health plan coverage.

If a Member becomes otherwise ineligible for group membership under this Benefit Plan, Sanford Health Plan must at least offer the Subscriber its conversion (individual) benefit plan, if the Member lives in the Sanford Health Plan Service Area. There may be other coverage options for the Subscriber and/or Eligible Dependents through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse’s plan) through what is called a “special enrollment period.” The cost of these options may vary
depending on a Subscriber’s individual circumstances. To learn more, visit healthcare.gov or call (800) 318-2596 | TTY/TDD: (855) 889-4325.

8.6 CONTINUATION OF COVERAGE FOR CONFINED MEMBERS

Any Member who is an inpatient in a Hospital or other Facility on the date of coverage termination under this Benefit Plan will be covered in accordance with the terms of this Certificate until they are discharged from such Hospital or other Facility. Applicable charges for coverage that was in effect prior to termination of this Certificate will apply.

8.7 EXTENSION OF BENEFITS FOR TOTAL DISABILITY

An extension of benefits is provided to Covered Members/Subscribers who become totally disabled while enrolled under this Benefit Plan and whom continue to be totally disabled at the date of termination of this Certificate. Upon payment of applicable premium charges at the current Group rate, coverage will remain in full force and effect until the first of the following occurs:

- The end of a period of twelve (12) months starting with the date of termination of the Group contract;
- The date the Member is no longer totally disabled; or
- The date a succeeding plan provides replacement coverage to that Member without limitation as to the disabling condition.

Upon termination of the extension of benefits, the Member/Subscriber will have continuation and conversion rights as stated in Sections 9 and 10.

8.8 CANCELLATION OF THIS OR PREVIOUS BENEFIT PLANS

If the Benefit Plan is terminated, modified or amended, coverage is automatically terminated, modified or amended for all enrolled Members of the NDPERS Dakota Plan. It is the Plan Administrator’s responsibility to notify Members of the termination of coverage.

8.9 NOTICE OF CREDITABLE COVERAGE

You may request a Certificate of Creditable Coverage for you and your covered family Members upon your voluntary or involuntary termination from the Plan. You may also request a Certificate of Creditable Coverage at any time by calling Customer Service toll-free at (800) 499-3416 | TTY/TDD: 711 (toll-free). 8.10 NOTICE OF GROUP TERMINATION OF COVERAGE

- Termination due to Non-Renewal

The Group will give thirty (30) days written notice of the termination to the Members. For purposes of This Contract, “give written notice” means to present the notice to the Member or mail it to the Member’s last known address.

This notice will set forth at least the following:

- The effective date and hour of termination or of the decision to not renew coverage;
- The reason(s) for the termination or nonrenewal; and
• The Member’s options listed below, including requirements for qualification and how to exercise the Member’s rights:
  • the availability of Continuation of Coverage, if any; and
  • the fact that the Member may have rights under federal COBRA provisions, independent from any provisions of This Contract, and should contact the Group for information on the COBRA provisions.

• Termination due to Non-Payment of Premiums

If an employer fails to submit Premium payment to Sanford Health Plan resulting in loss of coverage to the Members, switches plans or cancels the coverage, The Group is required to give written notice of the termination to the Members as soon as reasonably possible but no later than ten (10) days after the date of termination.
SECTION 9
OPTIONS AFTER COVERAGE ENDS

9.1 FEDERAL CONTINUATION OF COVERAGE PROVISIONS (“COBRA”)

Notice of Continuation Coverage Rights Under COBRA for employer groups with twenty (20) or more employees

Introduction

You are getting this notice because you recently gained coverage under an employer sponsored group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when employer sponsored group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review your Plan Document (Policy) or contact the Plan Administrator (your Employer).

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Health Insurance Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse’s plan), even if that plan generally doesn’t accept “Late Entrants”.

What is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of coverage when it would otherwise end because of a life event. This is also called a “qualifying event.” Specific qualifying events are listed below. After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.”

You, your Spouse, and your Dependent Children could become qualified beneficiaries if coverage is lost because of the qualifying event. Qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee and the Plan is subject to COBRA, you will become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

• Your hours of employment are reduced, or
• Your employment ends for any reason other than your gross misconduct.

If you are the Spouse and the Plan is subject to COBRA, you will become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

• Your spouse dies;
• Your spouse’s hours of employment are reduced;
• Your spouse’s employment ends for any reason other than his or her gross misconduct;
Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
You become divorced or legally separated from your spouse.

If the Plan is subject to COBRA, your Dependent Children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee’s hours of employment are reduced;
- The parent-employee’s employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage as a “Dependent Child.”

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer sponsoring coverage under the Plan, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee’s spouse, surviving spouse, and Dependent Children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

**When is COBRA Coverage Available?**

The employer is responsible for the timely mailing of applicable COBRA notices to Members (the “COBRA Notification Letter”). The employer must notify Sanford Health Plan when qualifying events occur. Sanford Health Plan will offer COBRA continuation coverage to qualified beneficiaries only after being notified by the employer that a qualifying event has occurred. The employer must notify the Plan of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The employee’s becoming entitled to Medicare benefits (under Part A, Part B, or both).
For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child’s losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 31 days after the qualifying event occurs. You must provide this notice to:
North Dakota Public Employees Retirement System
PO Box 1657
Bismarck, ND 58502
(701) 328-3900

How is COBRA Coverage Provided?

Upon notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses and Dependent Children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a qualified beneficiary to receive a maximum of 36 months of coverage. There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage
- If you or a covered Dependent is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your covered Dependents may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

Second qualifying event extension of 18-month period of continuation coverage
- If you or your covered Dependents experience another qualifying event during the 18 months of COBRA continuation coverage, the Spouse and Dependent Children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if your employer is properly notified about the second qualifying event.
- This extension may be available to your Spouse and any Dependent Children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the Dependent Child stops being eligible under the Plan as a Dependent Child. This extension is only available if the second qualifying event would have caused the Spouse or Dependent Child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

The Appeal file includes telephone notification, and documentation indicating the date; the name of the person spoken to; the Member; the service, procedure, or admission certified; and the date of the service, procedure, or Adverse Determination and reason for determination. If Sanford Health Plan indicates authorization (Certification) by use of a number, the number will be called the “authorization number.”

### 10.4 DEFINITIONS

**Adverse Determination:** A denial, reduction or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any such denial, reduction, termination, or failure to provide or make payment (for pre-service or post-service claims) based on:

- A determination of an individual’s eligibility to participate in a plan;
• A determination that a benefit is not a Covered Benefit;
• The imposition of a source-of-injury exclusion, network exclusion, application of any Utilization Review, or other limitation on otherwise covered benefits;
• A determination that a benefit is Experimental, Investigational or not Medically Necessary or appropriate; or
• A rescission of coverage. Only an act, practice, or omission that constitutes fraud or intentional misrepresentations of material fact, made by an applicant for health insurance coverage may be used to void application or policy and deny claims.

**Appeal:** A request to change a previous Adverse Determination made by Sanford Health Plan.

**Inquiry:** A telephone call regarding eligibility, plan interpretation, plan policies and procedures, or plan design. It is the policy of Sanford Health Plan to address Member and Practitioner and/or Provider inquiries through informal resolution over the telephone whenever possible. If the resolution is not satisfactory to the inquirer, he or she will be instructed of his or her rights to file a verbal or written Complaint.

**Complaint:** An oral or written expression of dissatisfaction. It is the policy of Sanford Health Plan to make reasonable efforts to resolve Member and Practitioner and/or Provider Complaints. A process has been established for Members (or their designees) and Practitioners and/or Providers to use when they are dissatisfied with Sanford Health Plan, its Practitioners and/or Providers, or processes. Examples of Complaints are eligibility issues; coverage denials, cancellations, or non-renewals of coverage; administrative operations; discrimination based on race, color, national origin, sex, age, or disability; and the quality, timeliness, and appropriateness of health care services provided.

**Complainant:** This is a Member, applicant, or former Member or anyone acting on behalf of a Member, applicant, or former Member, who submits a Complaint. The Member and his/her legal guardian may designate in writing to Sanford Health Plan an Authorized Representative to act on his/her behalf. This written designation of representation from the Member should accompany the Complaint.

**External Review:** An External Review is a request for an Independent, External Review of a medical necessity final determination made by Sanford Health Plan through its External Appeals process.

**Urgent Care Situation:** A degree of illness or injury that is less severe than an Emergency Condition, but requires prompt medical attention within twenty-four (24) hours. An Urgent Care Request means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination could:

- Seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, based on a prudent layperson’s judgment; or
- In the opinion of a Practitioner with knowledge of the Member’s medical condition, would subject the Member to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

In determining whether a request is “Urgent,” Sanford Health Plan shall apply the judgment of a Prudent Layperson as defined in Section 8. A Practitioner, with knowledge of the Member’s medical condition, who determines a request to be “Urgent,” as defined in Section 8, shall have such a request treated as an Urgent Care Request by Sanford Health Plan.

- In certain circumstances, the time period may be extended by up to fourteen (14) days upon agreement. In such cases, Sanford Health Plan will notify the complainant in advance, of the reasons for the extension.

Accordingly, an Independent External Review is not available for a Benefit Denial when it does not involve medical judgment.

NOTE: Adverse Benefit Determinations, e.g. denials that do not involve medical/clinical review, are not eligible for an External Review. The Plan’s decision on Benefit Determinations is final and binding.
**External Appeal Review Program – OVERVIEW**

Members may file a request for External Review with Sanford Health Plan or with the North Dakota Insurance Commissioner. Refer to the Introduction section at the beginning of this document for contact information.

An expedited Appeal procedure is used when the condition is an Urgent Care Situation, as defined previously in this Certificate of Insurance.

An expedited review involving Urgent Care Requests for Adverse Determinations of Pre-service or Concurrent claims must be utilized if the Member or Practitioner and/or Provider acting on behalf of the Member believe that an expedited determination is warranted. All of the procedures of a standard review described apply. In addition, for an Expedited Appeal, the request for an expedited review may be submitted. This can be done orally or in writing and the Plan will accept all necessary information by telephone or electronically. In such situations, the Practitioner who made the initial Adverse Determination may review the appeal and overturn the previous decision.

The determination will be made and provided to the Member and those Practitioners and/or Providers involved in the appeal via oral notification by the Utilization Management Department as expeditiously as the Member’s medical condition requires but no later than twenty-four (24) hours of receipt of the request. Sanford Health Plan will notify you orally by telephone or in writing by facsimile or via other expedient means. The Member and those Practitioners and/or Providers involved in the appeal will receive written notification within three (3) calendar days of the oral notification. If your claim is no longer considered urgent, it will be handled in the same manner as a Non-urgent Pre-service or a Non-urgent post-service appeal, depending upon the circumstances.

NOTICE OF PROTECTION PROVIDED BY THE
NORTH DAKOTA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

This notice provides a brief summary of the North Dakota Life and Health Insurance Guaranty Association ("the Association") and the protection it provides for policyholders. This safety net was created under North Dakota law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with North Dakota law, with funding from assessments paid by other insurance companies.

The protections provided by the Association are based on contract obligations up to the following amounts:

- **Life Insurance**
  - $300,000 in death benefits
  - $100,000 in cash surrender or withdrawal values

- **Health Insurance**
  - $500,000 in hospital, medical and surgical insurance benefits
  - $300,000 in disability income insurance benefits
  - $300,000 in long-term care insurance benefits
  - $100,000 in other types of health insurance benefits

- **Annuities**
  - $250,000 in withdrawal and cash values

The maximum amount of protection for each individual, regardless of type of coverage is $300,000; however, may be up to $500,000 with regard to hospital, medical and surgical insurance benefits.

**Note:** Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. If coverage is available, it will be subject to substantial limitations. There are also various residency requirements and other limitations under North Dakota law. To learn more about the above protections, as well as protections relating to group contracts or retirement plans, please visit the Association’s website at www.ndlifega.org or contact:
