Humana®

Get the hassle-free care you deserve

Humana prescription drug plan offers you:

A large network
There are more than 66,000 participating pharmacies in our network.

Almost no claims paperwork
The plan works with your pharmacist to handle claims for you.

Pharmacy finder
An online tool that helps you find in-network pharmacies. It also tells you how far they are from you, the hours they're open, if they have a drive-through available, if they offer emergency Rx, delivery options and if they have bilingual employees.

Details you need to know
North Dakota Public Employees Retirement System (NDPERS) partners with Humana Group Medicare for your prescription drug plan (PDP). If you have already enrolled, no further action is needed as your enrollment has been processed. If you would like to enroll in this plan, please contact the NDPERS office to verify eligibility and to request application materials. Enrollment in this plan will end your enrollment in any Medicare prescription drug plan or Medicare Advantage prescription drug plan that you are currently enrolled in.

Welcome to a more human way to healthcare

Dear North Dakota Public Employees Retirement System (NDPERS) Member,

We're excited to let you know that **North Dakota Public Employees Retirement System (NDPERS)** continues to partner with Humana to offer you a prescription drug plan that gives you prescription drug coverage to add to your Original Medicare plan.

Your health is more important than ever. That's why Humana has a variety of tools, programs and resources to help you stay on track. At Humana, helping you achieve lifelong well-being is our mission. During our over 30 years of experience with Medicare, we've learned how to be a better partner in health.

Get to know your plan
Review the enclosed materials. This packet includes information on your Group Medicare healthcare option along with extra services Humana provides.

- If you have questions about your premium, please call **North Dakota Public Employees Retirement System (NDPERS)** at **800-803-7377 or 701-328-3900 (TTY: 711)**.
- Please see your enclosed prescription drug guide (PDG) to determine if your medications have quantity limits, require a prior authorization or step therapy. You can also visit **Humana.com/Pharmacy** or call Group Medicare Customer Care for assistance.
- Go to **Humana.com**, "Member Resources" and select "Humana Drug List" then scroll to Required Fields" to find a list of drugs covered by your Humana Group Medicare plan. For **Rx 037/161** choose **GRP 49**.

What to expect after you enroll

- **Enrollment confirmation**
  You'll receive a letter from Humana once the Centers for Medicare & Medicaid Services (CMS) confirms your enrollment.
- **Humana member ID card**
  Your Humana member ID card will arrive in the mail shortly after you enroll.
- **Evidence of Coverage (EOC)**
  You will receive information on how to view or request a copy of an Evidence of Coverage document (also known as a member contract or subscriber agreement). Please read the document to learn about the plan's coverage and services. This will also include your privacy notice.

We look forward to serving you now and for many years to come.

Sincerely,
Group Medicare Operations

Your health at your fingertips with MyHumana

Get your personalized health information on MyHumana

A valuable part of your Humana plan is a secure online account called MyHumana where you can keep track of your claims and benefits, find pharmacies, view important plan documents and more.

Get the most out of MyHumana by keeping your account profile up to date. Whether you prefer using a desktop, laptop, or smartphone, you can access your account anytime.*

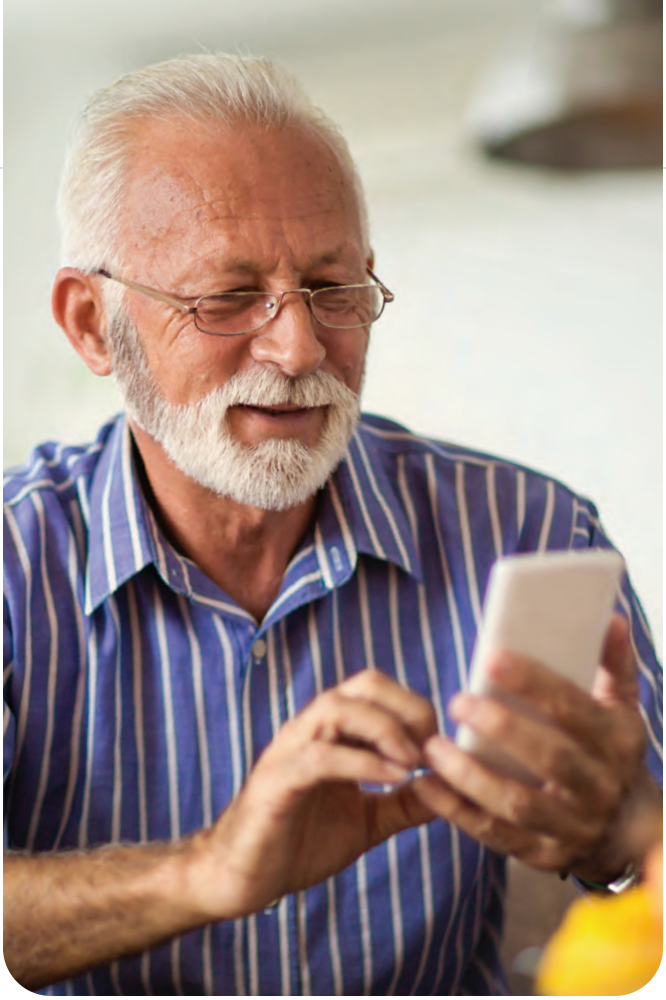
Getting started is easy—just have your Humana member ID card ready and follow these three steps:

1. **Create your account.**
   Visit **Humana.com/registration** and select the "Start activation now" button.

2. **Choose your preferences.**
   The first time you sign into your MyHumana account, be sure to choose how you want to receive information from us—online or mailed to your home. You can update your communication preferences at any time.

3. **View your plan benefits.**
   After you set up your account, be sure to view your plan documents so you understand your benefits and costs. You can also update your member profile if your contact information has changed.

*Standard data rates may apply.



The MyHumana mobile app

If you have an iPhone or Android, download the MyHumana mobile app. You'll have your plan details with you at all times.*

Visit **Humana.com/mobile-apps** to learn about our many mobile apps, the app features and how to use them.

With MyHumana and the MyHumana mobile app, you can:

- Review your plan benefits and claims
- Find pharmacies in your network
- Lookup and compare medication prices
- View or update your medication list
- View or print your Humana member ID card

Have questions?

If you need help using MyHumana, try our Chat feature or call Customer Care at the number listed on the back of your Humana member ID card.

Building healthy relationships

Your relationship with your pharmacist is important in protecting and managing your health.

You must use network pharmacies to enjoy the benefits of our plan except in an emergency. Pharmacies in the network have agreed to work with Humana to fill prescriptions for our members. If you use a pharmacy outside the network, your costs may be higher.

Our pharmacy network includes access to mail delivery, specialty, retail, long-term care, home infusion, and Indian, tribal and urban pharmacies.

Is your pharmacy in Humana's network?

You can find a complete list of network pharmacies at MyHumana, your personal, secure online account at **Humana.com** and the MyHumana Mobile app.* Get printable maps and directions, along with many more details to find a pharmacy that fits your needs. Other information at **Humana.com/pharmacy/medicare/tools** includes:

- Printable Drug Lists
- Prior authorization information

*Standard data rates may apply.

Our **wide network of pharmacies** means less time searching for a pharmacy, and more time building a relationship with the one that's right for you.

Use Humana's Find a Pharmacy tool to search for a pharmacy near you

Choosing a pharmacy is an important decision. You can use Humana's Find a Pharmacy tool to search for an in-network pharmacy near you.

1 Go to **Humana.com/FindaPharmacy**.

2 **Location**
Enter a ZIP code you want to search.

3 **Options**
Select a lookup method from 2 options:
1) In the Network dropdown - select Humana Medicare Employer Plan (Medicare Group), or
2) Sign in to MyHumana for more accurate results in finding your network.

4 **Select the "Search" button for your results**
Have you found the doctor or facility that you're looking for? If you need to revise your search, you can search again without leaving the results page.

Find a pharmacy on the MyHumana mobile app

Once you are enrolled with Humana, you can use the MyHumana mobile app to find a pharmacy near you. On the app dashboard, locate the "Find Care" section.

Call our Customer Care team at **800-585-7417 (TTY: 711)**, Monday – Friday, 7 a.m. – 8 p.m., Central time.

Medicare Part D prescription medication tiers

Tier 1 – Generic or preferred generic

Essentially the same medications, usually priced differently

Have the same active ingredients as brand-name medications and are prescribed for the same reasons. The Food and Drug Administration (FDA) requires generic medications to have the same quality, strength, purity and stability as brand-name medications. Your cost for generic medications is usually lower than your cost for brand-name medications.

Tier 2 – Preferred brand

A medication available to you for less than a nonpreferred

Generic or brand-name medications that Humana offers at a lower cost to you than nonpreferred medications.

Tier 3 – Nonpreferred medication

A more expensive medication than a preferred

More expensive generic or brand-name prescription medications that Humana offers at a higher cost to you than preferred medications.

Tier 4 – Specialty

Medications for specific uses

Some injectable and other high-cost medications to treat chronic or complex illnesses like rheumatoid arthritis and cancer.

Important information about your prescription medication coverage

Some medications covered by Humana may have requirements or limits on coverage. These requirements and limits may include prior authorization, quantity limits or step therapy. You can visit **Humana.com** to register or sign in and select Pharmacy or call Humana's Group Medicare Customer Care team to check coverage on the medications you take.

Prior authorization

The Humana Group Medicare Plan requires you or your provider to get prior authorization for certain medications. This means that you will need to get approval from the Humana Group Medicare Plan before you fill your prescriptions. The reason a prior authorization is required can vary depending on the medication. Humana will work with your provider when a prior authorization is required. The Centers for Medicare & Medicaid Services (CMS) requires a turnaround time of 72 hours for a prior authorization. However, an expedited review can be requested by your provider if waiting 72 hours may be harmful to you.

Quantity limits

For some medications, the Humana Group Medicare Plan limits the quantity of the medication that is covered. The Humana Group Medicare Plan might limit how many refills you can get or quantity of a medication you can get each time you fill your prescription. Specialty medications are limited to a 30-day supply regardless of tier placement.

One-time transition fill

For certain medications typically requiring prior authorization or step therapy, Humana will cover a one-time, 30-day supply of your Part D covered medication during the first 90 days of your enrollment. Once you have received the transition fill* for your prescription requiring a prior authorization or step therapy, you'll receive a letter from Humana telling you about the requirements or limits on the prescription. The letter will also advise that you will need to get approval before future refills will be covered. A prior authorization will need to be approved or other alternative medications should be tried if the medication requires step therapy.

*Some medications do not qualify for a transitional fill, such as medications that require a Part B vs D determination, CMS Excluded medications, or those that require a diagnosis review to determine coverage.

Step therapy

In some cases, the Humana Group Medicare Plan requires that you first try certain medications to treat your medical condition before coverage is available for a more expensive medication prescribed to treat your medical condition.

Next steps for you

1. Visit **Humana.com/Pharmacy** to view your prescription drug guide. The prescription drug guide will provide information on quantity limits, step therapy or if a prior authorization is required. If you have additional questions, please call our Customer Care number on the back of your Humana member ID card.
2. Talk to your provider about your medications if they require prior authorization, have quantity limits or if step therapy is needed.

Next steps for your provider

1. Go online to **Humana.com/Provider** and visit our provider prior authorization page. This page has a printable form that can be mailed or faxed to Humana.
2. Call **800-555-2546 (TTY: 711)** to speak with our Humana Clinical Pharmacy Review team, Monday – Friday, 7 a.m. – 7 p.m., Central time.

How to find the list of medications covered by your Humana Group Medicare plan

View the most complete and current Drug Guide information online.

Humana's Drug List, also called "formulary," lists the most widely prescribed medications covered by Humana and is updated regularly by doctors and pharmacists in our medical committee. Updates to this year's formulary are posted monthly. New medications are added as needed, and medications that are deemed unsafe by the Food and Drug Administration (FDA) or a drug's manufacturer are immediately removed. We will communicate changes to the Drug List to members based on the Drug List notification requirements established by each state.

If a specific medication you need is not on the list, please call the Customer Care number on the back of your Humana member ID card.

To find a list of drugs, use the GRP# provided within the Welcome Letter.

- Go to **Humana.com**
- Hover over the tab, **"Member Resources"** and then select **"Humana Drug List"**
- Scroll to **"Required Fields"**, from the **"Select plan type"** choose **Group Medicare** in the drop-down menu, select **"plan year"** and then select the **"Find Drug Guide"** button
- Scroll and locate your GRP # within the drug list

You can print out the full list of drugs covered under your Humana plan, called the Prescription Drug Guide. (You must have Adobe Reader to view and print these documents.)

Where you get your vaccines may determine how it is covered

The Medicare Part D portion of your plan covers vaccines that are considered necessary to help prevent illness. Some common vaccines that you should get at your pharmacy, not from your provider, include shingles, Tdap and hepatitis A.

Diabetes coverage

At Humana, we make it easy for you to understand your benefits and get what you need to help manage your condition.

Diabetes prescriptions and supplies covered under Part D

Part D typically covers diabetes supplies used to administer insulin. You must be enrolled in a Medicare drug plan to get the supplies Part D covers, like:

- diabetes medications
- insulin administered (or used) with syringes or pens
- syringes, pen needles or other insulin administration devices that are not durable medical equipment (e.g., Omnipod or VGO)

Enhanced vaccine and insulin coverage

$0 vaccines: Member cost share of all Part D vaccines listed on the Advisory Committee on Immunization Practices (ACIP) list† will be **$0**.

$35 insulin copay: Member cost share of this plan's covered Part D insulin products will be **no more than $35** for every one-month (up to a 30-day) supply.

†For more information regarding the Centers for Disease Control and Prevention's ACIP vaccine recommendations, please go to www.cdc.gov/vaccines/hcp/acip-recs/vacc-specific/index.html.

Your personalized benefits statement

Humana's SmartSummary provides a comprehensive overview of your Part D benefits and prescription drug spending. **You'll receive this statement after each month you've had a prescription claim processed.** You can also sign-in to MyHumana and see your past SmartSummary statements anytime.

SmartSummary includes:

- **Numbers to watch.** SmartSummary shows your total drug costs for the month and year-to-date. It also shows how much of these costs your plan paid and how much you paid—so you can see the value of your prescription benefits.
- **Personalized messages.** SmartSummary gives you tips on saving money on the prescription drugs you take, information about changes in prescription copayments and how to plan ahead.
- **Your prescription details.** A personalized prescription section tells you more about your prescription medications, including information about dosage and the pharmacy provider. This page can be useful to take to your provider appointments or to your pharmacist.

Part D prescription drug coverage

Which Part D "drug payment stage" are you in?

As shown below, your Part D prescription drug coverage has "drug payment stages." How much you pay for a covered Part D prescription depends on which payment stage you are in when you fill it. During the calendar year, whether you move from one payment stage to the next depends on how much is spent for your drugs.

Important Message About What You Pay for Vaccines – Our plan covers most Part D vaccines at no cost to you, even if you haven't paid your deductible. Call Customer Care for more information.

Important Message About What You Pay for Insulin – You won't pay more than $35 for a one-month (up to 30-day) supply of each Part D insulin product covered by our plan, no matter what cost-sharing tier it's on, even if you haven't paid your deductible. Please see your Prescription Drug Guide to find all Part D insulins covered by your plan.

STAGE ONE | YOU ARE IN STAGE ONE

During this payment stage, you (or others on your behalf) pay the full cost of all your drugs except Generics or Preferred Generic drugs (Tier 1). You begin in this payment stage when you fill your first prescription of the plan year.

You pay:	Standard Retail Cost Sharing Pharmacy (30 days)	Standard Mail-Order Cost Sharing Pharmacy (90 days)
Generic or Preferred Generic drugs	$12.50	$15.00
Preferred Brand drugs	100%	100%
	100%	100%

Frequently asked questions

Do I need to show my red, white and blue Medicare card when I visit the pharmacy?
No. You'll get a Humana member ID card. Keep your Medicare ID card in a safe place.

What should I do if I move or have a temporary address change?
If you move to another area or state, it may affect your plan. It's important to contact your group benefits administrator for details.

What should I do if I need prescriptions filled before I receive my Humana member ID card?
If you need to fill a prescription after your coverage begins but before you receive your Humana member ID card, take a copy of your temporary proof of membership to any in-network pharmacy.

How can I get help with my drug plan costs?
People with limited incomes may qualify for assistance from the Extra Help program to pay for their prescription drug costs. To see if you qualify for Extra Help, call **800-MEDICARE (800-633-4227)**, 24 hours a day, seven days a week. If you use a TTY, call **877-486-2048**. You can also call the Social Security Administration at **800-772-1213**. If you use a TTY, call **800-325-0778**. Your state's Medical Assistance (Medicaid) Office may also be able to help, or you can apply for Extra Help online at **www.socialsecurity.gov**.

What should I do if I have to file a claim?
To request reimbursement for a charge you paid for a prescription drug, send the provider's itemized receipt and the Prescription Drug Claim Form (available at **Humana.com** or by calling Customer Care) to the claims address on the back of your Humana member ID card. Make sure the receipt includes your name and Humana member ID number. Call Humana Group Medicare Customer Care for more information and assistance.

When does my coverage begin?
Your former employer or union decides how and when you enroll. Check with your benefits administrator for the proposed effective date of your enrollment. Be sure to keep your current pharmacy coverage until your Humana Group Medicare PDP plan enrollment is confirmed.

There may be generic and brand-name drugs, as well as Medicare-covered drugs, in each of the tiers. To identify commonly prescribed drugs in each tier, see the Prescription Drug Guide/Formulary. To view the most complete and current Drug Guide information online, visit **www.humana.com/SearchResources**, locate Prescription Drug section, select **www.humana.com/MedicareDrugList** link; under Printable drug lists, click Printable Drug lists, select future plan year, select Group Medicare under Plan Type and search for GRP**49**.

Important Message About What You Pay for Vaccines – Our plan covers most Part D vaccines at no cost to you (even if you haven't paid your deductible, if applicable). Call Customer Care for more information.

Important Message About What You Pay for Insulin – You won't pay more than **$35** for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

ADDITIONAL DRUG COVERAGE

Home Infusion Therapy Drugs	If you take certain types of infusion drugs covered under our Medicare Prescription Drug plans (PDP), you may qualify for this service, which helps you and your doctor manage your care without ongoing hospitalization. In some situations home infusion drugs will be covered based on the tier of the drug at the same cost share amount as listed in the chart above when you have reached a total yearly drug cost of **$5,030**. This service includes coverage for the "Coverage Gap" portion of your plan. Drugs included in this coverage are those that would be used as an alternative to inpatient treatment. Your cost for the medication may be the same as it is before the coverage gap sets in. Your out-of-pocket expenses while using this service apply to your "true out-of-pocket" maximum, which is **$8,000** for 2024.
Original Medicare excluded drugs	Certain drugs excluded by Original Medicare are covered under this plan. You pay the cost share associated with the tier level for certain Cough/Cold, Erectile Dysfunction drugs. The amount you pay when you fill a prescription for these drugs does not count towards qualifying you for the Catastrophic Coverage stage. Contact Humana Group Medicare Customer Care at the phone number on the back of your membership card for more details.

Coverage Gap

Most Medicare drug plans have a coverage gap (also called the "donut hole"). The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches **$5,030**. After you enter the coverage gap, you pay a portion of the plan's cost for covered brand name drugs and covered generic drugs until your costs total **$8,000**, which is the end of the coverage gap. Not everyone will enter the coverage gap.

Humana Medicare Employer Plan Abbreviated Formulary

Partial List of covered drugs

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT SOME OF THE DRUGS WE COVER IN THIS PLAN.

49

This abridged formulary was updated on 09/26/2023 and is not a complete list of drugs covered by our plan. For a complete listing, or other questions, please contact the Humana Medicare Employer Plan with any questions at the number on the back of your membership card or for TTY users, 711, Monday through Friday, from 8 a.m. - 9 p.m., Eastern time. Our automated phone system is available after hours, weekends, and holidays. Our website is also available 24 hours a day, 7 days a week, by visiting **Humana.com**.

Instructions for getting information about all covered drugs are inside.

Humana®

Welcome to The Humana Medicare Employer Plan!

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take. When this drug list (formulary) refers to "we," "us", or "our," it means Humana. When it refers to "plan" or "our plan," it means the Humana Medicare Employer Plan. This document includes a partial list of the drugs (formulary) for our plan which is current as of January 1, 2024. For a complete, updated formulary, please contact us on our website at **Humana.com/PlanDocuments** or you can call the number below to request a paper copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages. You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1 of each year, and from time to time during the year.

What is the abridged Humana Medicare Employer formulary?

A formulary is the entire list of covered drugs or medicines selected by the Humana Medicare Employer Plan. The terms formulary and Drug List may be used interchangeably throughout communications regarding changes to your pharmacy benefits. The Humana Medicare Employer Plan worked with a team of doctors and pharmacists to make a formulary that represents the prescription drugs we think you need for a quality treatment program. The Humana Medicare Employer Plan will generally cover the drugs listed in the formulary as long as the drug is medically necessary, the prescription is filled at a Humana Medicare Employer Plan network pharmacy, and other plan rules are followed. For more information on how to fill your medicines, please review your Evidence of Coverage.

This document is a partial formulary, which means it includes only some of the drugs covered by the Humana Medicare Employer Plan. To search the complete list of all prescription drugs Humana covers, you can visit **Humana.com/medicaredruglist**.

If you are thinking about enrolling in a Humana Medicare Employer Plan and need help or a complete list of covered drugs, please contact Group Medicare Customer Care number listed in your enrollment materials. If you are a current member, call the number or visit the website listed in your Annual Notice of Change (ANOC) or Evidence of Coverage (EOC), or call the number on the back of your Humana member identification card. Our live representatives are available Monday through Friday from 8 a.m. - 9 p.m., Eastern time. Our automated phone system is available after hours, weekends, and holidays.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs**. We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
  - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below titled "How do I request an exception to the Humana formulary?"

- **Drugs removed from the market**. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

- **Other changes**. We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

We will notify members who are affected by the following changes to the formulary:
- When a drug is removed from the formulary.
- When prior authorization, quantity limits, or step-therapy restrictions are added to a drug or made more restrictive.
- When a drug is moved to a higher cost sharing tier.

If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below titled "How do I request an exception to the Humana formulary?"

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

What if you are affected by a Drug List change?

We will notify you by mail at least 30 days before one of these changes happens or we will provide a 30-day refill of the affected medicine with notice of the change.

The enclosed formulary is current as of January 1, 2024. We will update the printed formularies each month and they will be available on **Humana.com/medicaredruglist**.

To get updated information about the drugs that Humana covers, please visit **Humana.com/medicaredruglist.**

How do I use the formulary?

There are two ways to find your drug in the formulary:

Medical condition

The formulary starts on page 11. We have put the drugs into groups depending on the type of medical conditions that they are used to treat. For example, drugs that treat a heart condition are listed under the category "Cardiovascular Agents." If you know what medical condition your drug is used for, look for the category name in the list that begins on page 11. Then look under the category name for your drug. The formulary also lists the Tier and Utilization Management Requirements for each drug (see page 6 for more information on Utilization Management Requirements).

Alphabetical listing

If you are not sure about your drug's group, you should look for your drug in the Index that begins on page 32. The Index is an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed. Look in the Index to search for your drug. Next to each drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of the drug in the first column of the list.

Prescription drugs are grouped into one of four tiers.
The Humana Medicare Employer Plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

- **Tier 1 - Generic or Preferred Generic:** Generic or brand drugs that are available at the lowest cost share for the plan
- **Tier 2 - Preferred Brand:** Generic or brand drugs that the plan offers at a higher cost to you than Tier 1 Generic or Preferred Generic, and at a lower cost to you than Tier 3 Non-Preferred Drug
- **Tier 3 - Non-Preferred Drug:** Generic or brand drugs that the plan offers at a higher cost to you than Tier 2 Preferred Brand drug
- **Tier 4 - Specialty Tier:** Some injectables and other high-cost drugs

How much will I pay for covered drugs?

The Humana Medicare Employer Plan pays part of the costs for your covered drugs and you pay part of the costs, too.

The amount of money you pay depends on:

- Which tier your drug is on
- Whether you fill your prescription at a network pharmacy
- Your current drug payment stage - please read your Evidence of Coverage (EOC) for more information

If you qualified for extra help with your drug costs, your costs may be different from those described above. Please refer to your Evidence of Coverage (EOC) or call Group Medicare Customer Care to find out what your costs are.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These are called Utilization Management Requirements. These requirements and limits may include:

- **Prior Authorization (PA):** The Humana Medicare Employer Plan requires you to get prior authorization for certain drugs to be covered under your plan. This means that you will need to get approval from the Humana Medicare Employer Plan before you fill your prescriptions. If you do not get approval, the Humana Medicare Employer Plan may not cover the drug.

- **Quantity Limits (QL):** For some drugs, the Humana Medicare Employer Plan limits the amount of the drug that is covered. The Humana Medicare Employer Plan might limit how many refills you can get or how much of a drug you can get each time you fill your prescription. For example, if it is normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day. Some drugs are limited to a 30-day supply regardless of tier placement.

- **Step Therapy (ST):** In some cases, the Humana Medicare Employer Plan requires that you first try certain drugs to treat your medical condition before coverage is available for another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, the Humana Medicare Employer Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, the Humana Medicare Employer Plan will then cover Drug B.

- **Part B versus Part D (B vs D):** Some drugs may be covered under Medicare Part B or Part D, depending upon the circumstances. Information may need to be submitted to the Humana Medicare Employer Plan that describes the use and the place where you receive and take the drug so a determination can be made.

For drugs that need prior authorization or step therapy, or drugs that fall outside of quantity limits, your health care provider can fax information about your condition and need for those drugs to the Humana Medicare Employer Plan at **1-877-486-2621**. Representatives are available Monday - Friday, 8 a.m. - 8 p.m. (EST).

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 11.

You can also visit **Humana.com/medicaredruglist** to get more information about the restrictions applied to specific covered drugs.

You can ask the Humana Medicare Employer Plan to make an exception to these restrictions or limits. See the section "**How do I request an exception to the Humana formulary?**" on page 7 for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this list of covered drugs, visit **Humana.com/medicaredruglist** to see if your plan covers your drug. You can also call Group Medicare Customer Care and ask if your drug is covered.

If the Humana Medicare Employer Plan does not cover your drug, you have two options:

- You can ask Group Medicare Customer Care for a list of similar drugs that the Humana Medicare Employer Plan covers. Show the list to your doctor and ask them to prescribe a similar drug that is covered by the Humana Medicare Employer Plan.
- You can ask the Humana Medicare Employer Plan to make an exception and cover your drug. See below for information about how to request an exception.

Talk to your health care provider to decide if you should switch to another drug that is covered or if you should request a formulary exception so that it can be considered for coverage.

How do I request an exception to the Humana formulary?

You can ask the Humana Medicare Employer Plan to make an exception to the coverage rules. There are several types of exceptions that you can ask to be made.

- **Formulary exception:** You can request that your drug be covered if it is not on the formulary. If approved, this drug will be covered at a pre-determined cost sharing level, and you would not be able to ask us to provide the drug at a lower cost sharing level.
- **Utilization restriction exception:** You can request coverage restrictions or limits not be applied to your drug. For example, if your drug has a quantity limit, you can ask for the limit not to be applied and to cover more doses of the drug.
- **Tier exception:** You can request a higher level of coverage for your drug. For example, if your drug is usually considered a non-preferred drug, you can request it to be covered as a preferred drug instead. This would lower how much money you must pay for your drug. Please remember a higher level of coverage cannot be requested for the drug if approval was granted to cover a drug that was not on the formulary. *You can ask us to cover a formulary drug at a lower cost-sharing level, unless the drug is on the specialty tier.*

Generally, the Humana Medicare Employer Plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost sharing drug, or other restrictions would not be as effective in treating your health condition and/or would cause adverse medical effects.

You should contact us to ask for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you ask for an exception, you should submit a statement from your health care provider that supports your request. This is called a supporting statement.**

Generally, we must make the decision within 72 hours of receiving your health care provider's supporting statement. You can request a fast, or expedited, exception if you or your health care provider thinks your health would seriously suffer if you wait as long as 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we receive your health care provider's supporting statement.

Will my plan cover my drugs if they are not on the formulary?

You may take drugs that your plan does not cover, or you may talk to your provider about taking a different drug that your plan covers, but that drug might have a Utilization Management Requirement, such as a Prior Authorization or Step Therapy, that keeps you from getting the drug right away. In certain cases, we may cover as much as a 30-day supply of your drug during the first 90 days you are a member of the plan.

Here is what we will do for each of your current Part D drugs that are not on the formulary, or if you have limited ability to get your drugs:

- We will temporarily cover a 30-day supply of your drug unless you have a prescription written for fewer days (in which case we will allow multiple fills to provide up to a total of 30 days of a drug) when you go to a pharmacy.
- There will be no coverage for the drugs after your first 30-day supply, even if you have been a member of the plan for less than 90 days, unless a formulary exception has been approved.

If you are a resident of a long-term care facility and you take Part D drugs that are not on the formulary, we will cover a 31-day supply unless you have a prescription written for fewer days (in which case we will allow multiple fills to provide up to a total of 31 days of a drug) during the first 90 days you are a member of our plan. We will cover a 31-day emergency supply of your drug unless you have a prescription for fewer days (in which we will allow multiple fills to provide up to a total of 31 days of a drug) while you request a formulary exception if:

- You need a drug that is not on the formulary *or*
- You have limited ability to get your drugs *and*
- You are past the first 90 days of membership in the plan

Throughout the plan year, your treatment setting (the place where you receive and take your medicine) may change. These changes include:

- Members who are discharged from a hospital or skilled-nursing facility to a home setting
- Members who are admitted to a hospital or skilled-nursing facility from a home setting
- Members who transfer from one skilled-nursing facility to another and use a different pharmacy
- Members who end their skilled-nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who now need to use their Part D plan benefit
- Members who give up Hospice Status and go back to standard Medicare Part A and B coverage
- Members discharged from chronic psychiatric hospitals with highly individualized drug regimens

For these changes in treatment settings, the Humana Medicare Employer Plan will cover as much as a 31-day temporary supply of a Part D-covered drug when you fill your prescription at a pharmacy. If you change treatment settings multiple times within the same month, you may have to request an exception or prior authorization and receive approval for continued coverage of your drug. The Humana Medicare Employer Plan will review requests for continuation of therapy on a case-by-case basis understanding when you are on a stabilized drug regimen that, if changed, is known to have risks.

Transition extension

The Humana Medicare Employer Plan will consider on a case-by-case basis an extension of the transition period if your exception request or appeal has not been processed by the end of your initial transition period. We will continue to provide necessary drugs to you if your transition period is extended.

A Transition Policy is available on Humana's Medicare website, **Humana.com**, in the same area where the Prescription Drug Guides are displayed.

CenterWell Pharmacy™

You may fill your medicines at any network pharmacy. CenterWell Pharmacy – Humana's mail-delivery pharmacy is one option. To get started or learn more, visit **CenterWellPharmacy.com**. Other pharmacies are available in our network.

For More Information

For more detailed information about your Humana Medicare Employer Plan prescription drug coverage, please read your Evidence of Coverage (EOC) and other plan materials.

If you have general questions about Medicare prescription drug coverage, please call Medicare at **1-800-MEDICARE** (**1-800-633-4227**) 24 hours a day, seven days a week. **TTY** users should call **1-877-486-2048**. You can also visit **www.medicare.gov**.

Humana Medicare Employer Plan Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by the Humana Medicare Employer Plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 32.

Remember: This is only a partial list of drugs covered by Humana. If your prescription drug is not listed in this partial formulary, please visit our website at **Humana.com**.

Your Humana Medicare Employer plan has additional coverage of some drugs. These drugs are not normally covered under Medicare Part D and are not subject to the Medicare appeals process. These drugs are listed separately on page 30.

How to read your formulary

The first column of the chart lists categories of medical conditions in alphabetical order. The drug names are then listed in alphabetical order within each category. Brand-name drugs are CAPITALIZED and generic drugs are listed in lower-case italics. Next to the drug name or Utilization Management column, you may see an indicator to tell you about additional coverage information for that drug. You might see the following indicators:

HI - Home Infusion drugs that are covered in the gap.
DL - Dispensing Limit; Drugs that may be limited to a 30 day supply, regardless of tier placement.
MO - Drugs that are typically available through mail-order. Please contact your mail-order pharmacy to make sure your drug is available.
LA - Limited Access; The health plan has authorized certain pharmacies to dispense this medicine, as it requires extra handling, doctor coordination or patient education. Please call the number on the back of your ID card for additional information.
CI – Covered insulin products; Part D insulin products covered by your plan. For more information on cost sharing for your covered insulin products, please refer to your Evidence of Coverage.
AV – Advisory Committee on Immunization Practices (ACIP) Covered Part D vaccines; Part D vaccines recommended by ACIP for adults that may be available at no cost to you; additional restrictions may apply. For more information, please refer to your Evidence of Coverage.
PDS – Preferred Diabetic Supplies; BD and HTL- Droplet are the preferred diabetic syringe and pen needle brands for the plan.

The second column lists the tier of the drug. See page 5 for more details on the drug tiers in your plan.

The third column shows the Utilization Management Requirements for the drug. The Humana Medicare Employer Plan may have special requirements for covering that drug. If the column is blank, then there are no utilization requirements for that drug. The supply for each drug is based on benefits and whether your health care provider prescribes a supply for 30, 60, or 90 days. The amount of any quantity limits will also be in this column (Example: "QL - 30 for 30 days" means you can only get 30 doses every 30 days). See page 6 for more information about these requirements.

Your Humana Medicare Employer Plan has additional coverage for some drugs. These drugs are not normally covered under Medicare Part D. These drugs are not subject to the Medicare appeals process. The amount you pay when you fill a prescription for these drugs does not count toward your total drug costs (in other words, the amount you pay does not help you qualify for catastrophic coverage).
